

F AND G FIRM BUYS NEW SITE ON CLARK STREET

Acquiring Trierweiler Property, Company Will Increase Its Trade

The F and G Auto Parts company, Joseph Goldstein and Hyman D. Fischer, proprietors, announces the purchase of the Trierweiler property at 306 Clark street.

The deal includes the building which has been occupied by the Gose Auto company, a two story and basement brick structure, 25 by 80 in size, the frame building to the east, also 25 by 80, occupied by the Trierweiler blacksmith shop for the past 17 years, and the 25 feet of vacant land to the west of the brick building.

The consideration is \$20,000.

The F and G Auto Parts company will as soon as possible move into the property from its present location at the end of Madison street on the south side. As the proprietors of this company are now entirely out of the junk business, the old location is no longer valuable, and they prefer to be in the heart of the automobile trade. Their new location is ideal, on Highway 18 and close to the garage and automobile show rooms.

It is announced by Messrs. Fischer and Goldstein that the company will carry a complete line of new parts for all makes of cars. They have recently been rapidly developing in this line and they intend to go further until within a short time it will be possible to obtain at their shop everything needed in automobile parts.

Ira Myers, new proprietor of the Nash agency, will move to his own building at the corner of Park street and Strong's avenue on the south side. This is a good location for the agency and Mr. Myers will have facilities there to handle it in up to date way.

VETERAN SALESMAN DIES AT WATERTOWN

Indigestion Fatal to John A. Fletcher, Business Visitor Here for Many Years

John A. Fletcher, shoe salesman for a Chicago house during the past 30 years, making periodical trips to Stevens Point all of this time, died at a Watertown hospital last Monday morning, aged 62 years.

Mr. Fletcher was a bachelor and made his home at Waukegan with his sister, Mrs. George L. Dwinell. He left that city last Wednesday for Watertown with the intention of making connections there for points further west. Enroute he became indigestion and was induced by Watertown friends to enter the hospital for rest and recuperation. He had made all preparations to leave the hospital last Monday but in the morning his condition took a sudden turn and became alarming. Word was sent to his sister at Waukegan and she and Mr. Dwinell hurried to Watertown by auto, reaching the hospital a few moments after the patient had passed away. Acute indigestion was the cause of his death.

Besides Mrs. Dwinell, he is survived by two other sisters, Miss Gertrude Fletcher of Buffalo, N. Y., and Mrs. J. L. Clark of Whiting, Ind. The Dwinell and Clark families were former residents of Stevens Point.

Funeral services for the late Mr. Fletcher will be held at the Dwinell home Thursday afternoon at 3 o'clock, conducted by Rev. Clark L. Attridge, pastor of St. Matthias' Episcopal church. Interment takes place in Prairie Home cemetery, Waukegan.

FOOT FILLED MILK ACT

Condenseries Appear Before Supreme Court

Madison, Sept. 20.—More than 200 cases are on the state supreme court calendar for the August term, arguments on which began today.

The most important case is the fight of the condenseries on the filled milk bill passed at the last session of the legislature.

Attorney Ralph W. Jackson will ask the court today for permission to start an original action to test the validity of the law.

BORAH FIGHTS TREATY

Believes That It Virtually Puts Us in League of Nations

Washington, Sept. 20.—Senator William E. Borah will lead Republican opposition in the senate, to the Harding-Hughes peace treaty with Germany.

After a long deliberation, Borah has made up his mind he cannot vote to ratify the treaty, because in his opinion it ties the United States to the Versailles treaty.

Borah is expected to start his fight shortly after President Harding sends the new treaty to the senate, which will probably be within a few days. If the United States exercises in the slightest degree the rights it thus claims, it must take part in administering and enforcing the reparations settlement, Borah holds. To do this it must officially assume membership on the reparations committee. This, Borah feels, means that the United States will take membership in a super-government, which is imposing its mandate upon Germany. The economic clauses involve similar interference, if the new treaty is to be carried out, Borah believes.

Inevitably, he holds, the United States will be called on to sanction settlements and decisions of doubtful justice.

FIRST REHEARSAL FOR STYLE SHOW HELD ON MONDAY

More Than 115 Models Will Take Part in Big Attraction in Stevens Point Next Week

The first rehearsal for Stevens Point's fall style show was held at the Majestic theatre Monday afternoon. A dress rehearsal will be held later preparatory to staging the show on September 26 and 27.

The models who will participate now number 115 instead of 54, and it is estimated that the various merchandise displayed at the show will represent an aggregate value of \$100,000. Several scenes were gone over Monday afternoon and the coming attraction promises to be colossal in scope, rivaling style shows given in cities much larger than Stevens Point.

BIGGER POTATO CROP IS NOW FORECAST

Wisconsin Prospect Increased 850,000 Bushels With Latest Report

Cultivated crops in Wisconsin made substantial gains during August, states Joseph A. Becker of the Wisconsin Cooperative Crop Reporting Service. The corn prospect increased 1,000,000 bushels; potatoes, 850,000 bushels; tobacco, 4,400,000 pounds; cabbage, 11,000 tons; and sugar beets, 18,000 tons. More seasonable temperatures and abundant rain renewed the growth of unharvested crops.

Potatoes: The Wisconsin potato crop promises from September 1 condition to equal 20,682,000 bushels, compared to 19,826,000 forecasted on August 1, 23,264,000 produced in 1920, and a 10-year average of 27,179,000 bushels. Plants which were still green at the time the dry spell was broken were revived and have made some growth. The stand was very poor however, especially in the central counties. Setting of tubers is not prolific in any section of the state. Condition on September 1 was 50 per cent on August 1, 74 per cent last year, and a 10-year average of 78 per cent.

United States: The United States potato crop prospect increased from 316 million bushels on August 1 to 323 million on September 1, compared to 431 million in 1920 and a 5-year average of 371 million bushels. Condition was 62.7 per cent, compared to 65.8 per cent on August 1, 84.3 per cent a year ago and a 10-year average of 75.4 per cent.

The Minnesota potato forecast for September 1 was 22,768,000 bushels, compared to 20,647,000 forecasted on August 1, and 22,025,000 produced last year; Michigan, 22,210,000, 18,570,000 and 25,700,000; New York, 24,000,000, 30,551,000 and 46,250,000; and Pennsylvania 22,388,000, 22,043,000, and 36,455,000 bushels respectively.

SOCIAL WORKERS IN THIS DISTRICT PLAN CONFERENCE

Important Sessions Will Be Held in Wisconsin Rapids Next Week

Edward D. Lynde, executive secretary of the Wisconsin State Conference of Social work, addressed an interested audience at the library club rooms Monday evening, urging Stevens Point to send a large delegation to a district conference of social work in Wisconsin Rapids which begins on the evening of Sept. 29 and continues through the afternoon of Oct. 1.

The meeting Monday evening was held jointly by the Community Council and the Child Conservation league. Mr. Lynde said in part: "Insanity, tuberculosis, blindness, pauperism, crime and other social ills and individual afflictions are preventable to a great extent. State agencies and departments are being supported to accomplish this work, but local communities do not make the full use of these agencies."

Much Work Undone

State agencies were defined by the speaker as the University extension division, state board of health, Wisconsin Anti-Tuberculosis association and the American Red Cross. Many other organizations are assisting in the work. These agencies are combining with clubs interested in social work for the promotion and development of preventive work throughout the state, Mr. Lynde explained. The conference is developing work for under-nourished children, for children suffering from mental and physical defects, for the prevention of disease, insanity, crime and pauperism in sections of the state where most phases of such work have been scarcely heard of.

Want Large Attendance

The district conference at Wisconsin Rapids includes the counties of Portage, Marathon, Clark, Juneau, Adams and Wood and fully 800 people are expected to attend, of whom from 75 to 100 should be from Stevens Point, the speaker said. It is hoped that interest will be aroused through rivalry between Stevens Point, Marshfield and Wausau to see which city can send the largest number to Wisconsin Rapids.

Arrangements have been made to entertain the visitors in private homes at Wisconsin Rapids and Stevens Point people planning on staying there during the conference are requested to notify either Miss Mary Hanley, local Red Cross nurse, or Mrs. I. P. Witter at the Rapids. A local committee was named Monday evening to arrange for conveyance of local people and includes Miss Hanley, Mrs. H. J. Week and M. E. Bruce. All planning to attend are asked to notify Miss Hanley at the Red Cross office and programs of the conference will be supplied.

Sims on Program

President John P. Sims of this city will preside at a conference on education, conducted by the department of public instruction, from 3 to 5 o'clock on Friday afternoon, Sept. 30. Several group conferences will be held that afternoon. Mr. Sims will also preside at a Portage county group meeting on the afternoon of Oct. 1. These county meetings will constitute the most important feature of the whole conference and an opportunity will be afforded for general discussion and for organization. Many able speakers have been secured for the various gatherings to be held and worth while addresses are promised.

The Portage county chapter of the Red Cross announced on Monday evening that it had taken out membership in the state conference and representatives of a dozen local organizations who were at the meeting promised to take up the matter of affiliation. The state conference is the one movement in which all social agencies, state-wide and local, have combined. It is endorsed by social workers in every field as of vital importance to the social progress of the state.

TWO STATE JOBS FILLED BY BLAINE

Cunningham of Chippewa Falls Is Made State Oil Inspector

Madison, Sept. 20.—Governor Blaine today appointed P. J. Cunningham, Chippewa Falls, state oil inspector to succeed Senator Barney Moran, and former Assemblyman C. B. Dillard, Appleton, as state treasury agent to succeed Michael Laffy, Milwaukee. Both jobs are for two years.

SCOUT EXECUTIVE AT RAPIDS QUILTS

Port Edwards Camp Site Will Be Scene of Farewell on Friday Night

James F. Knapp of Wisconsin Rapids has announced his resignation as scout executive of the Boy Scout council in that city. He has held the office for two years and had charge of camp affairs during the past summer. His successor will be chosen on Sept. 28.

On Friday evening of this week the Boy Scouts of Brown, Wisconsin Rapids, Port Edwards and Nekeosa will meet at the Port Edwards tourist camp grounds for their big annual powwow. The Winnebago chief who made himself so popular among the campers at Camp Chic-Kah-Gah-Mih this summer will be present in full regalia. The program will consist of songs, stunts and stories in the usual camp fire style. A number of local scouts may make the trip.

TO START LAYING OF CONCRETE ON FRIDAY

Work of Grading Church Street Now Under Way With Grant Harwood in Charge

The laying of concrete on South Church street from Seth street to the Soo line railroad tracks, connecting with the concrete on highways 10 and 66 will commence on Friday, according to W. E. Ule, Stevens Point, who has the contract for laying the pavement.

The street is now closed to traffic from Francis street to Seth street, while the work of grading is going on, preparatory to laying the concrete. In the meantime autoists will use the turn on Francis street and go south on Henrietta street to Seth, and then turn east on Seth and get on the new concrete highway. Those using the paper mill road will reach it via the same detour on Francis and Henrietta streets.

Mr. Ule has all the necessary equipment for constructing the concrete road within the city limits on hand, and said today that as soon as the grading was done the concrete work would start.

Grant Harwood, Stevens Point, is in charge of the job.

SUBMARINE ASKING HELP NEAR THE ISLAND OF CUBA

Washington, Sept. 20.—The naval submarine R27 is in distress about 90 miles north of Guantanamo, Cuba, according to a report to the naval radio service here.

The Montcalm, a naval vessel, is rushing to her assistance. No report has yet been received from Montcalm. Unless a storm develops, the disabled submarine can weather the sea until assistance arrives.

COLLEGE EXPERT SHOWS THE USE OF PICRIC ACID

Fifty Farmers Attend Blasting Demonstration on Eau Claire Farm

More than fifty Eau Claire township farmers met at the farm of August Mayer near the town hall and watched A. C. Fiedler of the College of Agriculture blast several large pine stumps with picric acid and dynamite last Monday afternoon. From four to five pounds were used for each stump, as they were large ones in dry, sandy soil. Equal weights of the explosives gave similar results as near as could be judged, the advantage in cost being with picric acid since it is sold at less than one-half the cost of dynamite.

Acid Less Sensitive

Mr. Fiedler explained that picric acid was used in front lines in the World War instead of dynamite because it is less sensitive and would not be set off by a shell bursting near the magazine, as would dynamite. For this reason it is detonated under stumps with a No. 8 cap instead of a No. 6, as the former contains twice as much fulminate of mercury as the latter, which is commonly used with dynamite. County Agent W. W. Clark expects to have a supply of No. 8 caps in the county when the picric acid arrives for farmers who have ordered it.

Urges Land Clearing

Instead of paying taxes and interest on uncleared, non-productive land, Mr. Fiedler urges farmers to remove stumps and stones and clear away brush. Returns from such work are so sure that bankers are glad to lend money for buying explosives, he said. "Buildings may burn or blow down and the owner suffer loss," said the land clearing man, "but once stumps are removed they never come back. If they are not blown or pulled, these nine stumps will stay for a lifetime." Men planning to blow stumps in the spring were advised to co-operate and buy supplies in large lots with the assistance of the county agent.

The Demonstration

The demonstration on Chris Halverson's farm in New Hope township will be held Thursday morning instead of Saturday afternoon. Thursday afternoon a few stumps and stones will be blown on John Karplinski's farm northwest of Rosholt and Friday afternoon, Sept. 23, the farm of A. A. Potter in Pine Grove township, west of Spiritland cemetery will be the scene of a blasting demonstration. The series will conclude with a demonstration on the land just north of Nelsonville, recently purchased by Messrs. Kankrad and Jorgenson, to be held at 9:30 a. m. Saturday, Sept. 24.

Feet Are Natural

A baby has the most beautiful feet in the world. It is beautiful because it is natural. The shape of the bones have not been marred by ugly, sitting, cramping and distorting shoes.

MISS NELLIE WALKER WALKING 'ROUND WORLD

Boston Girl Stops in Stevens Point on Her Way to San Francisco

Miss Nellie Walker, a young woman who is making a hike around the world, spent Saturday in Stevens Point. She left Boston eight months ago and is now headed for San Francisco. From there she will go by boat to Honolulu, then to Australia. She expects to be gone from home three or four years.

Miss Walker wears the regular khaki outfit and carries a pack weighing from 15 to 20 pounds. She travels on an average of 20 miles a day but has made as high as 30 miles. She has already covered 3,000 miles, having gone south from Boston through the southern states.

SAYS ALLEGED SLAYER IS MENTALLY DERANGED

World War Disordered Mind of Harvey Church, L. A. Gordon Contends

Belief that Harvey Church, held in Chicago for murder, is mentally deranged as a result of the war was expressed in Madison by L. A. Gordon of this city, assistant secretary of state. Mr. Gordon, who taught school at Friendship in 1913, knew Church from his coaching work on the athletic field.

"I believe that Harvey Church should have more sympathy than the soldier who was wounded in the war," said Mr. Gordon.

"I say this because of what I know of Church personally and because I would swear that his experience in the war has wounded his mind which is far worse than a bullet wound in the body. When I heard of the crime that Harvey had committed I began to think of him as the boy I had known in Friendship."

"As I remember Harvey he was a very quiet and unassuming boy. It seems to me that he was unlike many lads in that he did not give a free expression to his feelings. You might say he was semi-melancholy."

"A boy who enters the army is taught to defend himself and the use of weapons that are meant to kill. Things prey on such a boy's mind. If he is the kind that has close friends and cultivates such friends everywhere he talks and relieves his mind. Church was not that kind of a boy. With his quiet way he was not the sort of a fellow that could relieve his feelings. I am sure that this is the real cause of his change and that he is wounded mentally."

NEW DORMITORY WILL BE BUILT AT RIVER PINES

Institution Also Reaches Its Fifteenth Anniversary This Month

Preparations are under way at River Pines sanatorium for the construction of another dormitory-cottage to accommodate eight patients. It will have eight rooms. The step has been taken to relieve to some extent the pressure for accommodations. The dormitory will be built on the same site as the other buildings which form the sanatorium group and it is planned to have it ready to receive patients after December 1.

Bids are now being called for and if the contract prices submitted are favorable it is hoped to have work started immediately. The bid will be opened the latter part of this week and the directors of the institution will take action relative to awarding the contract at a meeting early next week.

Founded by Dr. Hay

The current month marks the fifteenth anniversary of the opening of River Pines Sanatorium. It is a pioneer in the treatment of tuberculosis, being one of the first sanatoria, either private or public, to be opened in the United States. River Pines was founded by the late Dr. Thomas H. Hay, a Milwaukee physician, whose pioneer work in the tuberculosis field was stimulated by the utter lack of facilities through the middle west for the care of the tuberculous of moderate financial means. Other physicians, impressed by the need, gave their moral and financial support to the project. After a state wide search for the most desirable location, a site was selected near Stevens Point and on the banks of the Wisconsin river. This site was chosen because of its high elevation, exposure from dangerous lake winds and because it lay midway between the Twin Cities of Minneapolis and Milwaukee and Chicago.

Here, with few exceptions, the complete institution was built and River Pines began its struggle to care as large a proportion of patients of the patients referred by private physicians. Under the careful supervision of Dr. Hay the sanatorium steadily grew in the esteem of the medical profession until at the time of Dr. Hay's death in 1917 River Pines had taken a commanding position as one of the leading sanatoria of the country, attracting to it patients from all over America.

Record of Dr. Coon

Meanwhile across the early tuberculosis history of Wisconsin and the middle west another physician had been writing a record of accomplishment. Taking command of the Wisconsin State Tuberculosis sanatorium shortly after its establishment, Dr. John W. Coon had worked steadily to make that institution one of the largest and finest of the large group of public tuberculosis sanatoria that dot the middle west today. His record in this work brought him to the attention of others in outside states so that when Chicago began the construction of its great Municipal Tuberculosis sanatorium, Dr. Coon was called to the task of organizing its staff, equipping the institution, and getting it under way.

Shortly prior to Dr. Hay's death, arrangements were completed whereby Dr. Coon assumed control of Dr. Hay's interest and took charge of the institution. River Pines today represents a blending of the sound policies and traditions left by its founder, together with equally sound policies and service ideals brought to the institution by its present medical director. In the past 15 years River Pines has become firmly entrenched in the confidence of the medical profession and in the affection of a large group of patients whose health was restored.

INTOXICATION AT WHEEL BRINGS YOUNG MEN FINE

Charles Wenzel and August Borshi, arraigned before Judge W. F. Owen late Monday afternoon, paid fines of \$25 an apiece amounting to \$7.65 each on charges of driving their automobiles while intoxicated, after they had pleaded guilty to the charges.

FARMERS' BARN EQUIPMENT EXHIBITS AT CHIPPEWA FAIR

The Farmers' Barn Equipment company had a display at the Chippewa Falls fair which attracted wide attention. It contains stanchions, pens, carriers, etc. J. E. Johnson, representing the company in that part of the state, was in charge.

STEVENS POINT GAZETTE

WEDNESDAY, SEPTEMBER 21, 1921

Journal Printing Company, Publisher
 Entered at the postoffice at Stevens
 Point, Wis., as second class mail
 matter.

TERMS OF SUBSCRIPTION

For weekly edition of the Gazette and Journal. In Portage county, outside the city of Stevens Point, \$2 a year; six months, \$1.25; three months, 75 cents. In the city of Stevens Point and outside Portage county, \$2.50 a year; six months, \$1.50; three months, \$1. All subscriptions payable in advance and to be stopped at expiration at which the subscription is paid.

Workingmen's Investments

Workingmen and widows should invest in nothing except the absolutely safe. Speculation is only a milder name for gambling. The difference between the ordinary wild cat "investment" and gambling over a table is that in the latter kind of gambling the player has at least a chance. The investor in wildcat securities soon learns that the fool and his money are soon parted.

Between the safe and the worthless types of investment is a middle class in which the person who puts in his money takes the ordinary risk of business. It includes stock in reputable companies doing an established, profitable business. That investment is suited to the business man, but it is still not the investment for the workman. He can save only a moderate sum in a lifetime and he must not lose his savings.

Liberty bonds at present prices are a good investment for the workman. He can get other investments with a larger return and just as sound. First mortgages on Stevens Point and Portage county real estate, with security twice the loan, can be had with no chance of loss and at interest of seven per cent. Some may wish to go a little further and makes loans on security at seven per cent to local business houses, but no such loans should be placed by any workman or widow without consulting a banker who can say what business houses are perfectly responsible and what ones may not be so sound. In such loans the workman should also get security.

We were told by a local banker yesterday that, if all the Stevens Point money which is going out of here for investment in oil and rubber stocks, tire and automobile, stocks and tractor companies and speculative deals of all kinds, could be retained here, it would finance all the needs of this community, assist in development of business and in the opening of wider avenues of employment. It is too bad to see it go out and into concerns which at best are of doubtful stability.

Stevens Point is being canvassed today by agents of various out of town concerns. Local citizens are asked to take stock and are promised dividends on businesses not yet established. Nobody can safely promise profits on a business not yet going, and the wise workman will shun all such so-called investments, especially when there are so many places where he can put his money where he will have no further cause to worry about it. The duty of saving usually falls on the wife, and on wives of Stevens Point workmen it is earnestly urged that they do not permit their husbands' hard earned savings to be frittered away in stock company propositions in which they are promised large returns but from which in many cases it is improbable they can ever get the return of their principal.

Grace Lusk

It has been pretty well settled in this country that any woman has the right to shoot any man it happens to suit her fancy to make away with, tell sobbing falsehoods to the jury and obtain a prompt acquittal amid the cheers of the public. If Grace Lusk had shot Dr. Roberts, her affinity she would not be in the penitentiary today. She made the mistake of killing a woman, and public sentiment, which rules juries, does not yet approve the assassination of women even by other women.

Now Miss Lusk wants a pardon. She claims to be sick in Waupun; doubtless she is sick of Waupun. The facts remain as they were. She killed a woman to make it possible to get for herself that woman's husband. Even if she is sick, she is sicker off than her victim, who is dead.

We presume a number of loose women are watching the case. They want to know whether it is going to be safe for them to destroy other women who may stand in their way. They won't get any encouragement if the Lusk woman stays where she is.

JUDGE PARK AT WAUKESHA

Judge B. B. Park and Court Reporter R. W. Morse are at Waukesha where they opened the fall term of circuit court Monday.

BARRACKS PLAN DECIDED UPON; CONTRACT LET

School Board Awards Job to W. H. Allen at a Cost of \$1,797

(From Friday's Daily)
 The board of education in special session Thursday evening took a long forward step toward temporarily solving the problem of housing grade and High school pupils of Stevens Point.

This is what the board did:
 Rejected the plan of using churches or other public buildings for High school purposes.

Decided in favor of barracks and awarded a contract for their construction in eight days' time at a cost of \$1,797.

Empowered a committee to secure the use of the Church of Christ on Ellis street as an overflow for grade pupils at the Garfield school providing this is found necessary.

Formally voted to request an appropriation of \$150,000 for a High school unit at the October meeting of the common council.

Report on Churches

The board convened at 7:30 o'clock and took each problem up separately and with dispatch. Its members first of all listened to a report from Mrs. F. N. Spindler and Mrs. J. E. Hegg, who had been appointed to investigate the feasibility of securing churches or other public buildings to house the High school overflow. Permission had been secured to use the Church of Christ on Ellis street, a half block from the High school, at a nominal charge. Members of the small congregation had displayed a splendid spirit in their willingness to help. Mrs. Spindler said in reporting for the committee. A room 34 by 38 was available and school sessions would not interfere with church activities as the building is used only on Sunday mornings. It would be necessary to repair a faulty furnace. No toilet facilities are available in the building.

Parish House Available

The committee also found that it could rent the entire parish house of the Church of the Intercession at a figure of \$500 a month. This would include heating, lighting, janitor service and use of 125 lockers, with the privilege of sub-renting, and an agreement that no repairs would have to be made by the school board when it was no longer used. The entire building would be turned over to the school board, including first floor and basement rooms. Students not accommodated at the High school would meet there for assembly and study purposes and then go to the Public Library and Presbyterian church for recitations, according to the plan.

The board, after a short discussion, decided to reject the offer, largely on the ground that the rental, which would total \$4,000 for eight months, was too high. Other changes which would entail considerable expense would have to be made before the building was suitable for school purposes, the members said, and the High school would then be divided with classes meeting in different parts of the city.

R. K. McDonald asked if the armory-stock sales pavilion could not be secured as temporary quarters. This plan was given up when it was stated that the structure at the fair grounds would not be completed before November 1 and that accommodations must be secured immediately.

Third Ward Crowded

At this point Supt. H. C. Snyder reported that it might be found necessary to use the Church of Christ to take care of pupils from the Garfield school, which is overcrowded. If this plan were followed, the church could not be used to relieve the High school situation. President Pasternacki told members that President John F. Sims of the State Normal school had expressed a willingness to help but an overcrowded condition at the Normal made it impossible for his institution to offer class rooms.

Clerk J. M. Pfiffner then reported that he had drawn plans for barracks and had called for bids. The proposed building, a frame structure, will be 40 by 60 feet in dimensions and contain four class rooms each 20 by 25 feet. A hallway will run through the center and the interior will contain wall board. The building will have a gable roof and heat will be furnished from the High school boilers. The matter of location had not been definitely decided upon, depending upon where it is found most practical to connect with the present building for heat. It was agreed that a site on either the south or west side of the campus would be most suitable.

Bids Are Opened

Mr. Pfiffner then read bids, which had been submitted by three local contractors. The Mersch Construction company proposed to construct the barracks according to specifications at a cost of \$2,235.50 and would complete the job in a week or 10 days. The Orlich-Shropshire company, Inc., submitted a figure of \$2,492.37 and stipulated seven working days at the time for completing the work. W. H. Allen submitted a figure of \$1,797 and agreed to build the barracks in

eight days or less if he could get the labor.

A short discussion followed in which board members said it would be necessary to secure permission to construct such a building from state authorities at Madison and empowered Superintendent Snyder to take this matter up with them over the telephone. Mr. Allen was present at the meeting and when question arose as to minor changes in the plans which would probably be necessary, said there would be no objection to such changes. In equipping the barracks, Mr. Snyder reported the best plan would be to purchase class room chairs, known as tablet arm chairs. They could be used in the new unit at present High school at a later time when the barracks were no longer in service, he declared. The total cost in connection with the barracks will include the contract price, cost of the equipment and the expense of installing the heating system.

Allen Gets Contract

Formal action was then taken when Prof. James E. Deibel moved that the board proceed to arrange for the construction of the barracks. Members believed the salvage would amount to considerable and that from every view point this plan was more economical than that of renting the parish house. F. A. Neuberger moved that the chair appoint a committee of four members including the superintendent, to proceed with the barracks plan. This committee has the power to go ahead without calling another special meeting of the board. President Pasternacki named as committee members, J. M. Pfiffner, Paul Hoffman and himself. On motion of R. K. McDonald, the committee was empowered to accept the bid of Mr. Allen, which was the lowest, subject to acceptance of the building plans by state authorities.

The board then returned to a discussion of plans for solving the ward school problem. A committee of four members was authorized to secure the Church of Christ to house Garfield and other school children if this is found necessary. The membership of this committee includes Supt. H. C. Snyder, President L. P. Pasternacki, Mrs. F. N. Spindler and Mrs. J. E. Hegg.

Consider Junior High

The rest of the meeting was taken up with a discussion of plans for the new unit, which is planned to construct as an east unit to the present building. Mr. Snyder said that he hoped to be able to establish a Junior-Senior High school when the unit was built, moving the sixth and seventh grades from the ward buildings into the High school unit and in this way relieve congestion in the grades. If this is not done it may be found necessary in another year to add a unit to a ward school. The Lincoln building was favored if this should be found necessary. It was explained that the Junior-Senior High school plan is being adopted in many cities and is proving highly satisfactory.

To Ask \$150,000

Board members looked over sketches for the unit, which includes a gymnasium and an auditorium, the latter with a seating capacity of 1,300. The dimensions of the proposed gymnasium are 46 by 80. The sketches were drawn in 1919 at the time the board attempted to secure an appropriation for a unit. The board Thursday evening brought matters to a head by voting to request the council at its next meeting on Tuesday, October 4, for an appropriation of \$150,000 for the proposed unit.

INCREASE STOCK OF ROSHOLT STATE BANK

Copy of Amendment to Articles of Incorporation Filed in Register's Office

The capital stock of the State Bank of Rosholt has been increased from \$25,000 to \$40,000. A certified copy of an amendment to the articles of incorporation increasing the capitalization has been filed at the office of Register of Deeds Ed Larson.

The State Bank of Rosholt was opened for business on February 8, 1904, with the following officers and directors: J. G. Rosholt, president; Jens Rosholt, vice-president; and C. L. Rosholt, cashier. These officers and directors are still serving the bank. The growth of the bank and increase in the stock is due their intelligent management and progressive policy. The bank has deposits of \$400,000.

A modern new bank building is now being constructed at a cost of \$35,000 and will be a notable addition to the business district of Rosholt village. It is expected that the building will be completed by December 1.

\$500 ALLOWED TO ISSUE TEN MILLION IN BONDS MEANS IMPROVEMENTS

Washington, Sept. 20.—The Minneapolis, St. Paul and Sault Ste. Marie railway today was authorized by the interstate commerce commission to issue \$10,000,000 worth of bonds and to issue and pledge as collateral security \$12,000,000 worth of first mortgage refunding bonds for the new issue.

FARMER RESCUED FROM THE SLOUGH BLAMES MOONSHINE

Stories of Powerful Liquor Related in Court By Two Victims After Their Recovery

Powerful moonshine, one drink of which is sufficient to cause the person consuming it to lose consciousness, is being dispensed in Portage county, according to the experience of two farmers who appeared before Judge W. F. Owen separately for violation of a city ordinance. Each found that a single swallow of the made-at-home product, offered without charge, ended disastrously.

Thomas Polum, a hard working farmer, coming to Stevens Point from Custer, after selling a load of potatoes, stopped his team to give a young man walking along the road a ride. After climbing up on the seat, the stranger pulled out a bottle and offered the driver a drink of reddish liquid.

"That's all I remember," Polum told the judge, except that I fell off the wagon once but managed to climb on again." A friendly policeman rescued him from the slough at First street in this city, where he was still sleeping on his wagon. The horses had brought him all the way to Stevens Point and the stranger had disappeared. He was held at the county jail over night and next morning paid the costs of the action and went home.

John Flees took one drink from a bottle which a friend kindly loaned him back of the Copps company warehouse Monday afternoon. Flees is a resident of Sautytown, Marathon county, and had come here to purchase supplies. He started for home but an officer, summoned by a Main street resident, found him driving his team on the sidewalk near Division street, headed toward town. Flees didn't remember how it all happened. He spent the night in jail and was released Tuesday morning after he had paid costs amounting to \$5.70 on a drunk and disorderly charge.

SMALL CROWD SEES CORNERSTONE SET

Addresses Are Made by Rev. James C. Hogan and Mayor John N. Welsby

Witnessed by a small crowd, the cornerstone of Stevens Point's first public building at the fair grounds, was laid last Wednesday.

A prayer was offered by Rev. E. Croft Gear, Rev. James C. Hogan delivered an address and Mayor J. N. Welsby also made a short speech. E. McLaughlin, president of the Stevens Point park board, was in charge of the ceremonies and introduced the speakers.

CROPS HAVE BENEFITED

Recent Rains Have Done Much Good to Winter Grains

Madison, Wis., Sept. 20.—Joseph A. Becker, of the crop reporting service, for Wisconsin, issued a statement on Monday, in which he declares that crops have been benefited by the recent rains.

Winter grains and new seedlings of hay have made an abundant growth as a result of soaking rains. Winter wheat sowing is about completed. Some plowing for and much seeding of rye is still being done. Corn is maturing practically everywhere and much has been shocked in southern Wisconsin. Silo filling is nearing completion. Much reilling done. Yield heavy quality good.

Potatoes show a slight improvement. Grubworms are reported to be damaging tubers. Much difficulty experienced in curing third crop of alfalfa. Millet cut with fair yield. New clover making good growth, but stand is thin. Threshing completed, excepting clover seed and buckwheat. Buckwheat maturing slowly. Clover seed acreage much reduced; yield will be fair. Cabbage improving, though worms still active. Sugar beets greatly benefited. Tobacco harvest hampered by rain.

MAY RETURN TO CITY

W. T. Whiting and family of Oshkosh drove to this city Monday. Mrs. Whiting and daughter Catherine, then journeying to Minneapolis where the latter will resume her studies at Minnesota university.

Mr. Whiting will visit in Stevens Point until his wife's return the latter part of this week. He is a former resident of this city, coming here thirty years ago when construction was begun on the Wisconsin River paper mill of which he was a chief owner. Mr. Whiting is a director of the Citizens National bank and in consequence very deeply interested in the continued prosperity of his old home town.

He is looking around with a view of buying desirable residence property and returning to this city.

HOMES CHANGE HANDS THREE YOUTHS TAKEN TO STATE REFORMATORY

Three Important Real Estate Deals Made in the City (From Friday's Daily)

Three important real estate deals which have been or are now being closed will result in the removal of several Stevens Point families on or about Oct. 1. The new and modern two story bungalow at 125 Plover street, occupied by F. J. Steckel and family, has been sold by the owner, J. J. Helton, to Albert Lang, manufacturer on the Portage branch of the Soo line. The consideration is reported to have been \$6,000. Mr. and Mrs. Lang now occupy part of Mrs. J. A. Ennor's home on Fremont street.

As the sale of Mr. Steckel's present dwelling will necessitate his moving, he endeavored to rent another house but couldn't find a desirable place. Several properties were offered for sale, including the home at 1025 Normal avenue, owned by Mrs. Bertha Sherman and occupied by Harry Koshnick's family. Mr. Steckel accepted Mrs. Sherman's offer to sell at \$4,400 and expects to take possession within a couple of weeks.

The third removal is that of Harry Koshnick, who has bought the John H. Finch house near the fair grounds a modern structure completed only recently. Mr. Finch and family will again occupy their old home at 610 Division street as soon as the present occupant, Dr. W. H. Wilson, takes possession of his recently purchased Mrs. W. J. Clifford property on Strongs avenue. Mrs. Clifford and daughter, Mrs. Ella Kenefrick, will soon leave for Winona, Minn.

SELF-SURRENDERED FUGITIVE SENTENCED

Barney Petrick Given Three Years in Green Bay Reformatory

Barney Petrick, who surrendered himself to local authorities on Tuesday after he had been a fugitive for more than six months, was sentenced to the Green Bay reformatory for three years by Circuit Judge B. B. Park Saturday.

Mr. Petrick pleaded guilty in county court on Tuesday afternoon to a charge of making and uttering forged paper, and was bound over to circuit court at that time. He had since been out on bail of \$500 furnished by his father, Jacob Petrick, and Ed Petrick.

Parole for Petrick has been taken under advisement by the court.

May it with printer's ink.

You've Struck it Right when you Light a CAMEL

Your taste will tell you that! For Camels have the flavor and fragrance of choicest tobaccos, perfectly blended. They're smooth and mellow-mild.

And there's NO CIGARETTE AFTER-TASTE.

We put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

That's why Camels are THE QUALITY CIG. RETTE.

FOUR ARRESTED OVER WEEK END BOOZE BLAMED

Barney Ropella Found Guilty By Jury of Driving Car While Intoxicated

(From Monday's Daily)

Four arrests on a charge of driving a car while intoxicated were made by city policemen during the past week-end. Two of those arrested paid fines of \$25 and costs in local courts, and the other two were in the county jail this afternoon awaiting arraignment.

Frank Pekarski paid a fine of \$25 and costs in Justice G. L. Park's court Saturday, while John Wachtell, Mosinee, appeared before Judge W. F. Owen this morning and was assessed the same fine. Wachtell was arrested Sunday afternoon and spent the night in jail.

Accident Sunday

Charles Wenzel and August Borski were arrested Sunday afternoon and are in jail awaiting arraignment. A car driven by Wenzel collided with a car driven by George Bacon at the corner of Park and Prairie streets Sunday afternoon and Wenzel was arrested shortly after by Officer Alex Smalley and taken to the jail.

The car driven by Bacon was traveling south on Prairie street and had reached the intersection of Park street when the two cars collided. Wenzel had turned north on Prairie from Park street.

The left headlight and front fender of the Bacon car were smashed, while the radiator was damaged and the same bent in the collision.

Find Ropella Guilty

A jury of five, composed of Adolph Green, G. A. Gullikson, Charles Hamer, Russell Gregory and E. A. Arnsberg found Barney Ropella, Stockton, owner and driver of the car which ran into a car driven by Leslie Bourn of this city near Springville on the night of August 28, guilty of driving an automobile while intoxicated.

The verdict was returned after the jury had been out for 45 minutes. The case was tried in county court before Judge W. F. Owen, and took four hours. It was opened at 10 o'clock this morning and continued through the noon hour, the case being given to the jury at 2:15.

Late this afternoon Judge Owen pronounced sentence, imposing upon the defendant a fine of \$25 and costs, which amounted to \$103. Mr. Ropella has five days in which to take an appeal to circuit court.

CRADLES MADE HERE FEATURED IN SLOGAN

Industry Resulting From Local Invention spreads City's Fame

"Stevens Point: Cradles Manufactured Here Rock Babies Everywhere." This is the Chamber of Commerce slogan for the current week and refers to the Bukolt industry in Stevens Point. Cradles made at the local plant are shipped to many points in the United States and also abroad going to Europe and Asia. They have also found a sale in South America. The Bukolt cradle is a local invention and has done much toward making Stevens Point known in the business world. Local business houses are again asked to type the above slogan at the foot of all letters mailed at this week.

BREAKS RIBS JUMPING FROM TRAIN IN YARDS

County Cares for Peniless Laborer "Bumming" Way to Tomahawk

Joe Godny, a laborer on his way to Tomahawk to secure work, had several ribs in his right side broken at 1 o'clock Thursday night when he jumped from a moving freight train and struck a switch in the local So. yard.

He was given lodging at the South side calaboose Thursday night, and a Friday asked Chief of Police John S. Hofcock for aid. After being given a breakfast he was taken to a county jail and upon examination several ribs were found broken.

The man said he had been out of work for some time, was penniless and was "bumming" his way to Tomahawk, where he hoped to secure work.

BREAKS AT BAKERSFIELD FORM LAW AND ORDER LINE

Bakersfield, Calif., Sept. 20.—Armed rioters, who have been sworn in as local deputy sheriffs and constables, have picketed the oil fields in this district.

The picket formed a "law and order" committee with the apparent consent of civil authorities who are in sympathy with them.

SOCIETY AND WOMEN'S NEWS

Kabot-Bellinger

The marriage of Miss Helen Kabot to Lorenz Bellinger was solemnized at St. Stanislaus' church last Wednesday morning. Rev. A. Malkowski performed the ceremony.

The couple were attended by Bernice Springer and William Kabot, the latter a brother of the bride. Miss Clara Kabot, a sister, was flower girl.

Mrs. Bellinger was attired in a gown of white satin trimmed with georgette crepe. She wore a silk embroidered veil, with a corsage bouquet of white roses.

Miss Springer wore lavender taffeta, with a picture hat to match and a corsage bouquet of pink roses. Little Miss Kabot was dressed in pink organdie and a hat to match, and carried a basket of mixed flowers.

A reception to about 50 guests, relatives and friends of the bride and groom, was held at the home of the bride's mother, Mrs. Anna Kabot, 937 Briggs street. Among those from out of the city who were here for the wedding were Mrs. Amelia Schultz and daughter, Jeanette, of Chicago, the former a daughter of John Firkus, 509 Franklin street; Mrs. Martha Adelman of Chicago, another daughter of Mr. Firkus, and William Hodgson, a grandson, and his wife, also of Chicago.

The bride and groom left in the afternoon on a motor trip to Wausau and other points in that vicinity.

Mr. Bellinger is employed by the American Railway Express here, and is a graduate of the Stevens Point Business college. Mrs. Bellinger has always made her home in this city and has been employed in the plant of the Wozalla Publishing company.

They will make their home at 616 Water street with Mr. and Mrs. Christ Larson, grandparents of the groom.

Wedding at Dancy

On the afternoon of Sept. 10 at the German Lutheran church at Dancy, the marriage of Miss Alice Janz, daughter of Mr. and Mrs. Carl Janz of the town of Bergen, Marathon county, and August Korbel of Milwaukee, took place. The Rev. F. Ulmer of Junction City performed the service. To the strains of the Bridal Chorus from Lohengrin, played by Mrs. G. G. Knoller of Dancy, the bride and groom entered the church, and during the service, Mrs. Knoller sang the wedding song, "O Perfect Love."

Miss Leona Janz, a sister of the bride and Miss Irma Ohm of Arpin, were the bridesmaids, and Edward Korbel, brother of the bridegroom, and Robert Schwartz of Baraboo were groomsmen. The bride was handsomely attired in a gown of white messaline, with an overdrape of georgette, and her veil was caught in cap effect with a wreath of orange blossoms. Her shower bouquet was of cream roses and swansons. Miss Janz wore a pretty gown of pink organdie and a corsage bouquet of pink sweet peas, and Miss Ohm was gowned in turquoise blue georgette, and wore a corsage bouquet of blue and lavender sweet peas.

Following the ceremony an elaborate wedding dinner was served at the bride's home. After a few days sojourn at Kilbourn, and also at the summer home of William Marsh, on Wind Lake, Mr. and Mrs. Korbel will go to Milwaukee where they will make their home.

Those attending the wedding from away were: Mr. and Mrs. Adam Korbel, mother and father of the bridegroom, Edward Korbel, brother of the bridegroom, Mr. and Mrs. William Marsh and Mr. and Mrs. John Swatowski, Mrs. Eliza Cronk, Mrs. Nelmer and August Neuberger all of Milwaukee, Robert Schwartz of Baraboo, Miss Irma Ohm of Arpin and Miss Pauline Meyers of Wausau.

Daczek-Daczek Nuptials

The marriage of Mrs. Clara Daczek to Stephen Daczek took place at Sacred Heart church at Polonia at 2 o'clock Sept. 13, Rev. L. J. Pencinski performing the ceremony.

Mrs. Daczek was a widow, and Mr. Daczek a brother of her late husband. The couple was attended by the Misses Marie Gliniecki and Minnie Kropidowski and Messrs. Anton Kropidowski and John Rabanski. Hat-Gryzwac was flower girl.

The bride was dressed in white tulle and wore a hat to match. Miss Gliniecki wore yellow taffeta and Miss Kropidowski pink messaline.

The little flower girl was dressed in pink poplin. She carried a bouquet of pink asters.

Mr. and Mrs. Daczek have lived in Polonia and will make their home here.

Raymond Clifford Married

Raymond L. Clifford and Miss Anna Gertrude Carlan were married at St. Ambrose's church, Chicago, by Father Lucy, Wednesday, Sept. 14. They were attended by Mr. and Mrs. Edward S. Kennedy of Los Angeles, Calif., an uncle and aunt of the bride.

Mr. and Mrs. Clifford are now at home at the Drexel Arms Hotel, Chicago, and will visit in this city early in October.

Mr. Clifford is the youngest son of Mrs. M. Clifford, 960 Main street, this city. For the past several years he has been located in Chicago, where

he holds the position of city salesman for Jas. B. Clowe & company, wholesale dealers in plumbers' supplies.

Johnson-Lekham

The marriage of Miss Lillian Lekham, daughter of Mr. and Mrs. Ole Lekham of Rosholt, to Arnold Johnson, of Northland, took place Sunday evening, Sept. 11, at the home of the bride's parents. Rev. G. Peterson officiated.

The bride wore a gown of brown canton crepe. Her sister, Miss Florence Lekham, was bridesmaid, and Carl Johnson, brother of the bridegroom, was best man. A wedding dinner was served at 9 o'clock.

Mrs. Johnson is a graduate of the Rural department of the State Normal school here and for several years has taught in rural schools in Portage county. The groom is a son of Mr. and Mrs. Martin Johnson of Northland and is a young farmer of that community.

The couple are enjoying a motor trip through northern Wisconsin.

Miss Price Married

Announcement has been received by Miss Lulu M. Mansur of the marriage of Miss Abby Sheldon Price to Charles D. Bayly at Charlevoix, Mich., on August 31. Miss Price was librarian at the Stevens Point Normal three years ago. Mr. and Mrs. Bayly are to be at home at Cleveland Heights, Ohio, after November 1.

The Woman's Club

An opportunity to gain an insight into the work being planned for the Woman's club for the new year was given in the president's address to the club at their meeting Saturday afternoon. The club is well launched on its way to a successful and progressive year with Mrs. F. E. Walbridge, a sincere, conscientious worker, as its president. Her short address stimulated her co-workers to take up the work with new zeal and better aims, that the club's standard be at par with the most active in the state federation.

Her aim is to cherish and sustain live issues, eliminating dead ones, accomplishing these things not by laws, criticism and bitterness but to take up the work in the spirit of the pioneers who founded this nation.

Americanization and child welfare are issues in which Mrs. Walbridge is well informed and interested. She believes a firm stand should be taken for education versus luxuries; and a greater financial support and fuller cooperation should exist between parents and teachers, working together thus producing results in character-building, which counts more in education than the three R's.

Many common interests along civic health, art and social lines are to be included in the club's programs for the current year, and much credit is due the program committee for their efforts and prepared outlines, which are a basis for the club's meetings.

A splendid report of the District Convention held in Clintonville in May was given by Mrs. F. F. Whitney, showing the activities of the Stevens Point Woman's club compared very favorably with the other affiliated clubs in the district. The local club was represented by three delegates and it is quite probable the next District Federation will be held in this city in May, 1922.

Mrs. E. H. Rowe also reported on the property acquired by the Woman's club since its organization and on the privileges accorded it at the Library club rooms by the Library board.

A piano selection "Il Travatore," given by Miss Kathleen Clifford, was charmingly rendered and greatly appreciated.

The social hour, in charge of Mrs. J. W. Coon, chairman, assisted by Miss Moll, Mrs. J. W. Clifford and Miss Rivers, clearly demonstrated other features than "light refreshments" prove as entertaining and a happy diversion during the social hour.

The Woman's club is planning an "at home" for the city school teachers and wives of the faculties of the city schools for Saturday evening, Sept. 24 at 7:30 p. m.

All club members are urgently requested to be in attendance.

Reception at Normal

The annual reception of President John P. Sims to students of the State Normal school was held last Friday evening and was largely attended. A welcome was extended especially to new students.

A short program included a cornet duet by Sidney Eagleburger and Raymond Jacobs, and an address of welcome by President Sims. The remainder of the evening was spent in dancing.

Potted plants and shaded lights in purple and gold, the school colors, comprised the decorations. Music was furnished by Weber's orchestra.

Grassy-Walker

Joseph Walter and Miss Christine Grassy, well known Stevens Point young people, were principals in a pretty wedding ceremony which took place at St. Joseph's church at 9 o'clock Tuesday morning. Rev. H. J. Ehr tying the nuptial knot. Cut flowers and potted plants helped to adorn the church, which was almost filled with relatives and friends of the contracting parties.

Michael Walter, Jr., served as best man for his brother and Miss Marie Walter was bridesmaid.

Miss Christine wore a becoming gown of white satin, with veil, and carried a shower bouquet of white

roses. Her bridesmaid wore blue organdie and carried pink roses.

Guests numbering between fifty and sixty were entertained during the day at the home of the bride's sister, Mrs. Robert Lutz, 800 Church street, where dinner was served at noon.

Mr. and Mrs. Walter will spend a week or more in Milwaukee and Chicago and upon their return will go to housekeeping at 405 Center avenue.

The groom is a lifelong resident of Stevens Point and a graduate of St. Joseph's parochial school. For the past few years he has been employed in the car repairing department of the Soo line.

Mrs. Walter was a resident of Fond du Lac until five years ago, since which time she filled the position of stock clerk at the Frost Fishing Tackle factory. Before moving to Stevens Point she attended the Fond du Lac High school and is a graduate therefrom.

Out of town guests at the wedding included Mr. and Mrs. John C. Grassy, Mrs. Henry Koenigs and four children and Mrs. Mary Promen of Fond du Lac.

Shafrenski-Kolinski

Frank Shafrenski, a Stevens Point business man, and Mrs. Agnes Kolinski were married at 7 o'clock Tuesday morning. The important event took place at St. Peter's church and was performed by Rev. S. A. Elbert.

The attendants were Joseph Szaplewski, a brother-in-law of the bride, and Mrs. Kate Klemit, her sister. A large number of local friends and many others from Junction City and other parts, of the county were present at the church and nearly 75 guests partook of a dinner at the Shafrenski home, 707 Fifth avenue, at noon. Others attended the afternoon reception and extended their well wishes to the newlyweds.

They will immediately go to housekeeping in the Fifth avenue home. Mr. Shafrenski is associated with John Gornowicz in a soft drink parlor at the corner of North Third street and Normal avenue.

Kruzitsky-Kudla

Miss Antoinette Kruzitsky and Frank Kudla, Stockton young people, were united in marriage at Sacred Heart church at Polonia at 9 o'clock Tuesday morning. Rev. L. J. Pencinski officiated.

The couple were attended by Miss Regina Domaszek, niece of the groom, Sallie Kudla, sister of the groom, Anton Schuller and Anton Kudla, the latter a brother of the bridegroom. A wedding reception and dinner were served at the home of the bride's mother, Mrs. Mary Kruzitsky to members of 30 families.

The bride wore a gown of white georgette and carried a shower bouquet of carnations and roses. The bridesmaids wore pink organdie with corsage bouquets of carnations and roses.

The young couple will reside on the farm of the groom's mother, Mrs. Maggie Kudla in Stockton.

Miss Werle to Wed

The following from the Wausau Record Herald of Monday will be of interest to Stevens Point people: "Miss Elizabeth Mathie entertained at a one o'clock luncheon Saturday afternoon at her home, 529 Grant street, honoring Miss Linda Werle, whose marriage to Charles Barwig takes place Saturday, October 15. Covers were laid for twenty. Cards were played during the remainder of the afternoon. Miss Kathryn Riordan of Milwaukee was an out-of-town guest.

Both Miss Mathie and Miss Werle are former students and graduates of the State Normal school here.

Both Miss Mathie and Miss Werle are former students and graduates of the State Normal school here.

BANKS PLANNING PLATFORM TALKS FOR THE PUBLIC

J. V. Berens Made Chairman For Portage County at Wausau Meeting

A meeting was held in Wausau Wednesday afternoon and evening which may result in great educational value to children and many older people throughout Wisconsin.

The gathering was called by E. T. O'Brien of Kenosha, chairman of the educational committee of the Wisconsin Bankers' association and its membership includes county chairmen in Group 6 which comprises the 15 counties throughout the central and northern part of the state.

Plan Monthly Talks

It is proposed to give 10 monthly talks with a view to explaining banking methods and give the average person a clearer idea of the financial business. These talks will be given at school houses and other public places. J. V. Berens, cashier of the First National bank of this city, has been selected as chairman for Portage county. Mr. Berens expects to appear on the platform numerous times within the next year and will be assisted by other speakers. Each bank in the county will send one or more representatives to school buildings in their immediate vicinity and it is also proposed to give many of the students a practical demonstration of banking by inviting delegations to inspect the banks.

Nation-wide in Scope

The plans as outlined have the approval of the American Bankers' association and will be followed throughout the United States.

PARKS ENJOYS AERIAL RIDE HERE SATURDAY

Claims to Be First Town Chairman in County to Take An Aeroplane Trip

D. H. Parks, chairman of the town of Plover, claims the distinction of being the first town chairman in Portage county to fly over Stevens Point in an aeroplane.

Mr. Parks took a ride in the aeroplane which was here last Saturday and piloted by the aviator with Jack Williams, made a circle over the city at an altitude of about 500 feet. The Plover chairman declares that the ride was the smoothest he has ever had and that the aerial route beats Portage county roads from every standpoint.

Three other passengers were also carried. They were Glenn Newby of Plover and two local young men.

WINS AT PRICE COUNTY FAIR

Harry Koshnick's fast stepper, Jay Mack, took part in the 2:30 pace at Phillips last Friday afternoon and won in straight heats. A purse of \$300 was hung up.

FIVE MARSHFIELD YOUTHS ARRESTED

Plead Guilty to Charge of Assault and Battery at Pa- vilion Party

Five Marshfield young men pleaded guilty to assault and battery charges upon the person of Chester

Tostan, also of Marshfield, as an aftermath of a wild party at a public pavilion at Bakerville last Sunday night.

Tostan obeyed orders from the village marshal to take another young man to the Marshfield jail on a charge of disorderly conduct and the alleged assaults occurred after he had returned to the pavilion. Those who pleaded guilty to assault and battery are Andrew Mess, Eddie and Leonard Arnsnot, Isadore Seidl and Otto Weber.

City of Warsaw--The Polish Bond

One of our customers calls our attention to a circular received from a New York concern urging him to buy City of Warsaw bonds. We quote the following three paragraphs from the circular:

"For \$19.85 in American money you can buy a 5% 10,000 mark bond of the city of Warsaw, Poland. With exchange normal, your bond will be worth \$2,380.00 which is \$119.00 for \$1.00 or about 11,000% profit.

"Never mind about the economics of the situation. Don't worry about the intricacies of Foreign Exchange. Call it a gamble if you choose, but GET one of these bonds now. Put it away for a while and before long YOU CAN CASH IN WITH AN AMAZING PROFIT.

"As Polish exchange goes up so will the dollar price of these bonds—and THEY CAN NEVER BE LOWER."

Poland's plight is pathetic. Her currency has declined to the scarcely conceivable price of 2 3/4 cents to 100 marks. At this rate 10,000 marks, normally \$2,380, can be purchased for \$2.75. Poland's currency has declined to 1-800th of parity.

Her issues of paper have never been paralleled in history, save that of Russia, whose currency has virtually become worthless.

If \$19.85 American money is paid for a 5% 10,000-mark bond that would be over seven times its par value. In this case the seller and not the buyer of these bonds would be making "an amazing profit."

When offered an investment, ask your Banker. He knows.

LAY FINAL PLANS FOR OPENING OF ARMORY BUILDING

October 28 to Be Day Long Remembered by Stevens Point People

Detailed plans for the big program to be held here on October 28 when the new armory-stock sales pavilion will be officially dedicated were planned on Friday at a meeting of the general committee in the Chamber of Commerce offices. Construction work on the building is going forward at a rapid rate and it is now certain that no change in the time of the formal opening will be made.

The general committee is working in two sections, those representing the civic being Mayor J. N. Welsby, W. E. Atwell, M. E. Bruce and F. Leslie Body, while Major Russell Moen, Captain Carl Anschuetz and First Sergeant Frank Love comprise the military representation.

Reception For Governor
The program for the day was planned at Friday's meeting. It will be opened with the reception of Governor Blaine and superior military officers upon their arrival on a Soo line train on the morning of October 28. Battery B and city officials will escort the distinguished visitors to the fair grounds, where, at 10:30 o'clock Mayor Welsby will deliver an address of welcome. The response will be made by Orlando Holway, the adjutant general. The mayor will also present to Battery B of Stevens Point a large key, now being made by the Buick company, giving the battery the freedom of the city.

After the reception Governor Blaine will officially open the armory and his address will be replied to by Colonel A. A. Kuechenmeister of the 120th Field Artillery, Wisconsin National Guard. The noon hour will be given over to mess. At 1:30 p. m. a combined civic and military parade, including the visiting batteries, will be staged, this also to include veterans of the Civil, Spanish-American and World wars and Boy Scouts of America, as well as local organizations.

Afternoon Program
Returning to the armory, military maneuvers will be the order of the afternoon. The batteries present will pass in review before Governor Blaine and Colonel Kuechenmeister will present the decorated colors which were used overseas by the 120th Field Artillery to the local battery. Colonel Kuechenmeister will present them to Battery B as he was in command of Battery B overseas during the World war. After the presentation of the colors and retreat, Rev. W. T. Dorward of Milwaukee, chaplain of the 120th regiment, will deliver an address to which Colonel C. R. Williams, state quartermaster, will reply. The hour from 6 to 7 o'clock will be set aside for mess. From 6:30 to 8 o'clock a banquet for the governor and visiting military celebrities will also be served at the library club rooms under Chamber of Commerce auspices to which all members of the Chamber will be invited.

Ball in Evening
A grand military ball for the evening is being planned, to which all citizens are to be extended an invitation. This will be preceded by a military parade in the pavilion and auditorium when colors will be borne by representatives of the Civil, Spanish-American and World wars and Boy Scouts. Invitations are being mailed to the veterans of all wars, throughout Portage county. If arrangements can be made, it is hoped to have a sham battle at the fair grounds between Marshfield and Waupaca infantry companies.

Many Committees Named
The following committees were appointed on Friday morning to assist in the various events of the day:
Reception—Major Russell Moen, Music—T. B. Pollard.
Decorations—Russell Gregory and Wm. R. Johnson.
Invitations—Mrs. N. A. Week and Miss Elida Moen.
Concessions—Battery B.
Grand Ball—Mayor J. N. Welsby, W. E. Atwell.
Cars—M. E. Bruce.
Mounts or officers—Sergeant Horace Atkins.
Drum and fife corps—First Sergeant Frank Love.
Publicity—F. Leslie Body, James W. Hull.
Cafeteria refreshments—F. J. Blood, A. B. Stanley.
Chamber of Commerce banquet—L. J. Eaton, C. W. Capps, J. M. Pfeiffer, J. A. Cashin and W. E. Kingsbury.
1:30 parade—A. E. Bourn, A. C. Jones, E. H. Harriman.
Military parade, 5:30—Captain Carl Anschuetz, First Sergeant Love.
The general committee expresses the wish that all members of the above committees enter into the spirit of the occasion and give their time and services willingly to make the coming event one of the biggest ever staged in Portage county in order to be advised as to their duties.

CALKINS CHURCH SOCIAL
There will be a social for the Calkins Church at Ben Hanson's Friday evening, September 24 to which all are invited.

ROSHOLT WITHOUT ICE

Demand for Product Exceeds Supply in County Village
Rosholt village is experiencing an ice famine. Its ice house became exhausted about two weeks ago and families found themselves denied the use of that product. Some of the business places had packed ice of their own, and this supply is now also practically exhausted. A number of citizens have made trips to Stevens Point and Waupaca to get ice.

FREDERICK CLARK CALLED BY DEATH

Resident of City For Past 13 Years Dies at Family Home This Morning

Frederick A. Clark, who moved to Stevens Point from Wood county thirteen years ago, died at his home, corner of Prairie and Wisconsin streets last Wednesday morning. Mr. Clark had been in poor health for three years, suffering with a complication of physical ailments, including the loss of his hearing. For three weeks he was compelled to remain in bed and much of this time was in an unconscious condition. While his death was not unlooked for, yet it was none the less a shock to the family and relatives.

Mr. Clark was a native of New York state, born at Allegheny 72 years ago the 5th of last April. The family moved to Wisconsin when Frederick was yet a child, locating in Wausara county, and he grew to young manhood there.

In 1878 he married Miss May Ingle of Wood county and they lived at Lindsay until the family's removal to this city.

There are three sons and one daughter, Clarence Clark of Goshen, Wash., Mrs. Walter Sutton, Leslie A. and Vilas Clark of Stevens Point. A brother, James Clark, lives at Masonville, Wood county.

Funeral services were held at the Clark home Friday afternoon at 4 o'clock, Rev. G. M. Calhoun officiating, with interment in Forest cemetery.

Mr. Clark belonged to that passing generation of sturdy pioneers who helped Wisconsin gain its great prestige among the states. He devoted many years to the calling of a raftsmen and riverman and later followed the vocation of head sawyer in lumber mills at Shantytown and Medford. His fraternal associations included membership in Lindsay camp, Modern Woodmen of America.

70 PER CENT POTATO CROP MILWARD SAYS

Man in Charge of State Inspection Work Reports Cause of Damage

Over 400,000 bushels of Wisconsin-grown and inspected seed potatoes will be available for purchase this fall.

This is the estimate made by Prof. James G. Milward, in charge of the state's potato inspection work. He has recently made a tour of inspection through the potato growing regions of the state.

According to Mr. Milward, this tuber crop will probably not be more than 70 per cent normal. He holds accountable for this loss the intense heat following the planting season, together with the severe leaf hopper damage. Notwithstanding this unfavorable outlook, Mr. Milward and his associates have inspected this year some of the finest fields of seed potatoes ever grown in Wisconsin. The varieties were largely Early New Yorker, Green Mountain, Triumph, Early Ohio, and Irish Cobbler. Programs and field conferences were held in Oconto, Marinette, Forest, Omeda, Barron, Racine, and Washburn counties and were attended by unusually large and enthusiastic gatherings.

During the trip more than 100 growers had their fields inspected. Many of these growers will be represented at the Wisconsin potato exhibition, to be held in Milwaukee, Nov. 28 to Dec. 3.

Mr. Milward has accepted an invitation from County Agent W. W. Clark to attend the annual tour of inspection of Portage county potato fields here this week.

POTATO FIELDS ARE INSPECTED ON ANNUAL TOUR

Hundred Interested Growers Make Automobile Trip on Friday

More than 22 automobiles were included in the procession which started out from Amherst Junction Friday morning on the annual tour of potato fields under auspices of the Amherst Potato Growers' association. Approximately 100 men made the trip.

The first stop was at the farm of Henry Hamann in the town of Amherst where a fertilizer demonstration on two half acres grown by members of the Fountain Grove Potato club was inspected. Several other fields were inspected on the way to the Arthur Tobie farm on Highway 18 and the party arrived at Nelsonville at noon, where a picnic dinner was served in a hall.

Stollenberg lake near Nelsonville was visited after dinner and mud deposits being used on farms for agricultural purposes were looked over. The men then went to the farm of Carl Walter, where a fertilizer experiment was conducted, and from there to the farm of George Wolding in New Hope, where a sweet clover and mud demonstration was inspected. Potato fields were then visited on the farms of Bernard Waller, A. O. Stollenberg and C. M. Stollenberg and the results of seed treatment pointed out. The party then went back and visited the farms of Morris Anderson and L. E. Gordon, Jr.

The tour of farms in that part of the county brought out that if there are no frosts for two or three weeks fairly good crops of Rural New Yorkers can be expected. An especially good field of this variety was seen at the Gordon farm, where the crop would now run 150 bushels to the acre, it was estimated.

CAR DRIVER CHARGED WITH MANSLAUGHTER

Held Responsible for Death of R. H. Morey on Waupaca County Highway

Eric Krueger, Weyauwega, faces a charge of manslaughter in the fourth degree as the result of a tragedy which occurred on a Waupaca county highway recently. R. H. Morey of Waupaca was fatally injured when thrown from a buggy which was struck by an automobile Krueger is alleged to have been driving. Morey died a few hours later at the hospital in Waupaca.

At a coroner's inquest held at Waupaca, a verdict was returned charging Krueger with having caused the death of Morey by a mortal wound inflicted in a collision with an automobile. A warrant was then issued on complaint of Halbert Swenson, alleging fourth degree manslaughter. The defendant pleaded not guilty upon being arraigned following his arrest, waived examination and was bound over to circuit court for trial. He was released from custody under bonds of \$2,000.

HE DISTRUSTS BANKS AND LOSES \$2,500

Savings of Years Found by Little Children and Put Into Kitchen Stove

Kenosha, Wis., Sept. 17—After years of saving to get together \$2,500 by Alexander Nedwesky of this city it took only a few minutes to destroy it today.

Nedwesky's three children discovered the money in a "mattress bank" and tossed it into the kitchen stove to watch it burn. His wife came in just in time to see the last of the money eaten up by the flames. She tried frantically to save what she could, but a table-spoon full of charred remains of bills was all she could gather together.

Nedwesky had been afraid of banks and kept his savings tied up in a large handkerchief, which he placed under the mattress. He had been carrying on negotiations for the purchase of a farm and had returned home for the money when he learned of the disaster.

MILWAUKEE IS SOLVING UNEMPLOYMENT PROBLEM
Milwaukee, Sept. 19. The unemployment problem will be partly solved in Milwaukee this winter if a large commission of public works, Project B, on its way. A schedule has been drawn up which may be drawn on by the city. This work will consist of repairing streets and bridges. It is expected that the labor of 10,000 men cooperating with the public works commission will transfer the necessary funds so that the work can be started immediately. It is estimated that the total cost of this work will be about \$6,000,000.

TO CIRCUIT COURT

Frank Blaskiewicz Arraigned Before Justice G. L. Park

Frank Blaskiewicz, proprietor of a saloon on the public square, was arraigned in Justice G. L. Park's court Wednesday on a charge of destroying evidence to prevent seizure by state prohibition agents who visited his place. He pleaded not guilty to the charge and he was bound over to circuit court. Blaskiewicz has been out on bail of \$500.

During the examination, Carl Henning, and F. B. Laabs, state prohibition agents, Chief of Police John S. Hofsoos and Manuel Berry, deputy sheriff, testified for the state.

FUGITIVE SURRENDERS SELF TO AUTHORITIES

Barney Petrick, Wanted More Than Six Months, Appears in County Court

Barney Petrick, Portage county young man wanted by local authorities for more than six months for alleged implication in the forging and passing of bad checks in Stevens Point and Portage county, surrendered himself to the authorities last week and Tuesday afternoon appeared before County Judge W. F. Owen.

He pleaded guilty to a charge of making and uttering forged paper, waived examination and was bound over to circuit court. Bail in the sum of \$500 was furnished by Jacob and Edward Petrick. Jacob Petrick is the father of Barney Petrick.

Three other Portage county young men were implicated in the alleged forgeries. Louis Cychoz, town of Sharon, pleaded guilty in circuit court in May to a charge of check forgery, while David and Henry Ostrowski were arrested and the case discharged. Henry Ostrowski was to have been tried but he died at St. Michael's hospital of appendicitis.

It is alleged that Petrick was the leader of a group of young men who passed the paper Petrick wrote. Cychoz was arraigned late in January of this year on the complaint of Felix Zinda of Ellis on a charge of forging a check and passing a forged check. He admitted in court that he passed two checks but declared he did not know they were bad. He was identified at this time by Nellis Reton, Stevens Point, as the man who had purchased a \$20 watch and tendered a check for \$68 in payment. Cychoz denied that he had purchased a watch at the Reton store.

At the time of the arrest of Cychoz and the two Ostrowskis, Petrick left the county and went into the northern part of the state. He had been there and in the upper peninsula of Michigan since that time, he said.

LOCAL BOY SENT TO INDUSTRIAL SCHOOL

Frank Palbarch, Alleged Youthful Check Forger, To Go to Waukesha

Frank Palbarch, 15, local boy charged with issuing bad checks on local merchants during the past summer, was committed to the State Industrial school at Waukesha by County Judge W. F. Owen Saturday.

Ed Palbarch, his brother, and Emil Wahoviak were alleged to have been implicated in the affair. All the checks were for small amounts. The cases of Ed Palbarch and Emil Wahoviak were taken under advisement by the court.

The court found that Frank Palbarch had not been attending school regularly and it was believed that it would be for the boy's best interests for him to be sent to the industrial school. He is to remain there until he attains the age of 18.

PICKLE STATION ENDS BIG SEASON

Thousands of Bushels of Cucumbers on Farms Near Rosholt

The pickle station at Rosholt has ended a successful season. Despite the dry hot weather, 17 tanks each with a capacity of 700 bushels, have been filled. The cucumbers were of fine quality. The acreage in the vicinity of Rosholt is increasing yearly and a small piece of ground planted to this crop brings better returns in proportion than most other crops, farmers claim. The season for picking comes between the time for harvesting small grains and potato digging.

COWS EAT PARIS GREEN
OWNERS SUE VILLAGE
Claiming that five of his cows died from eating Paris green at the village public dumping place, while six other cows were also sick from the same cause, Frank Paulik of Plainfield started action against the village for damages of \$555. At a meeting of the village board Tuesday evening the claim was disallowed by unanimous vote.

THREE OFFICERS MAKE RAIDS ON COUNTY SALOONS

Fifth Search of Establishment in Town of Stockton Nets Evidence

Two state prohibition agents, Carl Henning and F. B. Laabs and Manuel Berry, deputy sheriff, made raids on two Portage county saloons last week and three persons were ordered to appear in court on various charges as a result.

The places raided: Frank Rychter saloon at Polonia. Saloon and dance hall at Stotzville, town of Stockton, conducted by John Glawinski and Mr. and Mrs. John Buskoski.

Frank Rychter was ordered to appear before County Judge W. F. Owen Wednesday on a charge of unlawfully having in his possession and under his control intoxicating liquor. John Glawinski was ordered to appear before Justice G. L. Park for arraignment Wednesday on the same charge, while Mrs. John Buskoski is charged with unlawfully secreting and destroying fluid on the premises being searched.

Attempts to Spill Fluid
At the Glawinski-Buskoski establishment the agents making the raid rushed into the building. Mrs. Buskoski, it is alleged, made a desperate attempt to overturn a pail of alleged moonshine standing on the floor near a stove and spilled some of it out on the floor, but before all of the fluid escaped, the agents seized the pail and a quantity of the liquid therein.

A quarter of a barrel of alleged moonshine was found on the premises of Mr. Rychter's place at Polonia. Today Mr. Rychter denied all knowledge of having the liquor in his place and declared he did not know where it came from.

Fifth Raid at Same Place
The raid on the Glawinski-Buskoski place was the fifth agents have made. Numerous complaints have been made to Sheriff John A. Berry and state agents and deputies from the sheriff's office had made four raids on the premises previously, but without finding any incriminating evidence.

DIVORCES GRANTED IN CIRCUIT COURT

Myrtle Florence was granted a divorce from George W. Florence in circuit court Saturday. The complaint charges George W. Florence with cruel and inhuman treatment. Lucy Booth was also granted a divorce from Emil A. Booth on grounds of desertion.

STATE OF WISCONSIN, COUNTY COURT, PORTAGE COUNTY

In re estate of Rita L. Sherman, deceased.

IT APPEARING by the verified petition of Ernest L. Bates the administrator of the estate of Rita L. Sherman, deceased among other things, that the personal estate of said deceased in the hands of said petitioner is insufficient to pay in full the expenses of administration, last sickness and funeral, and the debts outstanding against said deceased and that it is necessary to sell or incur the whole or part of the real estate of said deceased for the payment thereof, or of some part thereof;

And the said petitioner praying that he be licensed and empowered to mortgage, lease or sell, as to the court seems advantageous and expedient, the whole of the real estate of said deceased described in such petition or so much thereof as shall be necessary for the payment of such expenses and debts.

Therefore, It is Ordered, That said petition and the matters therein be heard at the special term of said court, to be held at the Court House in said county, in the city of Stevens Point on the 3rd Tuesday of October, being the 18th day of October, 1921, at the opening of Court on that day, or as soon thereafter as said petition can be heard;

And It is Further Ordered, That notice of such hearing be given to all persons interested by publication hereof three successive weeks previous to said time, in the Gazette, a newspaper published in said county, and by serving a copy hereof personally on all persons interested in said estate, including guardians of such as are minors or incompetents, if any, and

Dated Sept. 15, 1921.
By the Court,
W. F. OWEN,
Judge.

Start 'Em Young

Habits contracted in childhood produce a lasting impression on the adult mind. What better heritage can you give your child than that of thrift? By instilling the wisdom of saving in the youthful consciousness, a future of comfort and success is assured. Besides the actual savings, which are a worthy consideration, this habit is of inestimable value.

We pay 4% on Savings.

The House of Your Dreams

Clean—White—Homelike and Absolutely Modern—

BISHOPRIC STUCCO BOARD

"WILL MAKE DREAMS COME TRUE"
Bishopric Board has increased the popularity of the Stucco home, because it is the one background for stucco or cement that holds without cracking or crumbling as long as the house stands. It is dependable and economical—costs less to apply and nothing to maintain.

VETTER MANUFACTURING CO.
Stevens Point, Wis.

WLOSYNSKI HURLS NO HIT NO RUN GAME WINNING FROM MOSINEE 7-0

Local Pitcher Performs Spectacular Feat Against Heavy Hitters

Emil Wloszynski, pitcher for the Stevens Point baseball team, hurled a no hit no run game Sunday afternoon at the fair grounds and beat Mosinee, 7 to 0.

The feat was as fine an exhibition of good pitching as has ever been given on the fair grounds diamond. Emil's spitter was working in great shape and his arm whipped the ball over the platter in a heartbreaking style—for Mosinee.

Only three Mosinee men reached first base, only one of whom got as far as third, another perished at second and the third remained safely on the first station.

Only Three Get On
Emil himself put two of the three papermakers on the sacks. He hit Stokes, Mosinee right fielder, in the back with a wild throw in the third inning, and walked G. Fahrner in the ninth. Manager Tommy Normoyne put the other, Gardner, on the sacks when he allowed a weak grounder to go through his legs in the fifth inning. The pass that Wloszynski issued to G. Fahrner in the ninth inning was the only base on balls given by him during the entire nine innings.

Nine Mosinee men were retired on strike outs, and 18 on assists. Four of the latter were made by Wloszynski himself. But two flies were lifted to the outfield by Mosinee players, one by A. Fahrner and the other by Huber. Both flies went to Simmons, Stevens Point left fielder. The remainder of the pokes consisted of weak grounders and a few pop ups to infielders.

Seeks Feat After Sixth
Wloszynski started out to pitch his regular game. Mosinee was unable to connect with his offerings from the start, but it was not until the sixth inning that he actually started to try for the hit no run record. After that time he worked hard for that end, and Mosinee was helpless.

Fans in the grandstand didn't notice that Mosinee had been held hitless until the first few innings were passed. Then they sensed the fact that Wloszynski was trying hard to blank the visitors and whenever the Mosinee team came to bat were kept in hot water fearing that the record would be smashed.

Gets Congratulations
Up to the ninth inning Mosinee tried desperately to hit Emil's stuff, but when the ninth rolled around and they saw they had no chance to win they let up a trifle in their efforts. The ninth saw the completion of the game and the record made when Emil fanned Stokes, first up, did the same to Wachs, walked G. Fahrner and then fanned A. Fahrner. As the last strike went over the platter fans let out a general sigh of relief and surged onto the diamond to congratulate the victor.

Wloszynski was opposed on the mound by Art Fahrner. Bruce Noel has been hit pretty hard by the locals whenever he has been on the mound for the papermakers, but Fahrner, although he had practically nothing on the ball, held the locals to nine hits. Three of these were for extra bases, Chesebro hitting a triple in the first and a double in the fourth and McKague hitting a three, sacker in the second.

Hitting Honors to McKague
McKague, who was put into right field while Chesebro played the first sack, took the hitting honors of the day with three healthy swats in five times up. The first time at bat he put a Texas leaguer over short. The next time up, in the second frame, he hit a triple, scoring Schultz. In the fourth inning he struck out, was given a free ticket to first in the sixth and again got a healthy swat to his credit in the eighth, his last time at bat.

The three base hit that Chesebro lifted off his bat in the first frame would have been good for a home run had there not been a line of cars across the outfield, far enough out it was thought, to avoid being hit by any ball. Chesebro's swat bounded into one of the cars out there, and was stopped. Otherwise it might have rolled all the way to the race track.

Bruce Noel is Hurt
Bruce Noel, Mosinee hurler, who was playing right field, cut the flesh on his shin through to the bone going after Chesebro's swat, and had to retire. He was running backwards after the fly, not noticing the line of autos behind him, and jumped up in an effort to grab the ball, only to fall backwards against the car. A sharp corner on the bumper of the car caught his shin and inflicted a cut several inches long. Medical attendance was given him on the diamond, but Stokes was put in his place in the right garden.

Stevens Point practically won the game in the first inning, scoring three times on three hits. It was apparent in the first frame that Fahrner would be easy for the locals, and they scored once in every inning after the first, except the fifth, sixth and eighth. In every inning in which the locals scored with the exception of the seventh, the number of hits made resulted in as many runs. In the seventh, however, two hits were made and but

one run resulted. One other hit was made in the eighth by McKague, but he failed to score.

PRISONER ESCAPES FROM COUNTY JAIL

Man Who Staged Holdup at Wausau Makes Getaway by Sawing Bars

George Michael Ditsch, alias George Michael Webb, who was sentenced to serve seven years in the state prison for robbery, in circuit court at Wausau by Judge Reid last Thursday broke jail early Saturday morning by sawing the bars in one of the windows of the county jail.

Marathon county and Wausau officials are making a search for the man, although he left no clues during his getaway. Local authorities and those in Wisconsin Rapids, Marshfield and other cities have been notified. Sheriff Fred Schroeder stated that he last saw Ditsch at 11 o'clock Friday night, when he was sleeping in a bed in the south wing of the jail. He had his shoes and most of his clothing off. On Saturday morning, when he made the rounds he found that Ditsch had disappeared. From the appearance of conditions it indicates that a friend ripped off the screen on the outside of the window and handed the prisoner back saws, which were used to saw the inch bars in the window.

This is the second time that Ditsch made his escape from prison, according to authorities. While incarcerated at the St. Cloud reformatory he made his escape by going over the walls surrounding the institution. He was captured 15 months later and returned to serve five and one-half years. The robbery for which Ditsch was sentenced to spend seven years in Wausau was committed early in the morning of Sept. 11, when he robbed eleven men at the Northern hotel annex at Wausau at the point of a revolver.

THREE SOURCES OF MONEY FOR ROADS

Federal Government, State and County All Help in Highway Building

Madison, Wis., Sept. 19.—There is a rather general misunderstanding as to the source from which the state secures the large sums required for highway construction and maintenance. In a general way it may be said that the money used for construction comes from three sources in approximately equal amounts—one third from the federal government, one-third from the state and one-third from the county.

In the final apportionment of federal aid granted prior to the present session of congress, Wisconsin has received \$7,000,000. The state in order to secure this has had to provide the same sum. This joint federal and state fund is apportioned to the counties on this basis: One-third in proportion to area, one-third in proportion to assessed valuation, and one-third in proportion to highway mileage. Then each county is required to provide an amount at least equal to one-half the sum apportioned to it from the joint federal and state fund.

The taxes in order to meet the requirement to duplicate the federal apportionment provided for a tax that would bring in at the first of each of three years—1920, 1921 and 1922 the sum of \$1,700,000. In addition to this the sum of \$750,000 for each of the three years, and the additional sum of \$100,000 per year for those years were appropriated from the general fund of the state. In addition to the sums named there is used in highway construction and

maintenance something over \$2,000,000 per year received for automobile license. Since the legislature in 1919 provided for a duplication of the federal apportionment, to be used in construction receipts has been devoted to road maintenance. These license receipts are disposed of as follows:

First the actual cost of administering automobile registration is paid from the license fees received; one-fourth of the remainder is then paid to the counties in the proportion that the license fees received from each county bears to the total license fees. From the remaining three-fourths, there is first set aside a sum not to exceed \$100,000 for the state highway commission to pay the costs of administration. The balance then is used by the state commission for construction or maintenance, or both, of the state trunk highway system.

CANNOT HIRE MEN AT \$4.00 PER DAY

F and G Car Parts Company Officer Appeals in Vain

Hyman D. Fischer of the F and G Auto Parts company tried in vain a few days ago to hire men for laborer's work at \$4 a day.

The company is cleaning up some of its junk and was looking for men for a week's work to handle it. It is hard work, Mr. Fischer says, not harder than other men do in many shops in Stevens Point, but by no means a kid glove job. Nor was it permanent, still with men out of work, it was presumed many would be willing to work a few days. He went along Main street and around the square, soliciting men in person and not able to get anybody.

The company had four men on the job but two quit to attend the Marshfield fair. It was found impossible to get others.

NO ORIGINAL CLAIMS HANDLED BY SQUAD

Twenty-five Ex-Servicemen Disappointed in Their Trip to Wausau

Sixty-eight Portage county ex-servicemen were at Wausau Tuesday, and appeared before the "clean-up squad" in an effort to have claims for compensation adjusted. Transportation for 20 men was furnished at Stevens Point and men who would otherwise have been unable to go to Wausau were taken. A car, furnished by the Stevens Point Rotary club, took up four ex-servicemen who are patients at the River Pines sanatorium and Leo Krutts, who lives north of the city.

About 25 of the 68 men from this county who went to Wausau were disappointed in their attempts to secure compensation or file claims. The "clean-up squad" due to the entanglements of red tape that must be gone through in order to file a claim and receive compensation for an ex-serviceman, was unable to take up original applications for compensation. The 25 who hoped to have their claims adjusted quickly at Wausau were told that they would have to make application through regular channels, and were referred to the Home Service section of the Red Cross here.

Miss Mary Hanley of the Red Cross was at Wausau with the men, and Dr. W. F. Cowan of this city was also there, assisting with the work. A. C. Jones, scoutmaster, assisted greatly in securing cars to take the 20 men from this city and county, giving much of his time and driving one of the cars himself.

APPLE CROP SUFFERS FROM SPRING FROSTS

No Production Record Will be Broken This Season Says Gifford

When the last of Wisconsin's winter apples are picked and stored, no production records will be broken. A killing spring frost slipped many of the buds that might otherwise be tacked away in the apple barrel. Such is the report of F. R. Gifford, extension specialist in horticulture at the state college of agriculture, who has spent most of his time during the last six months in the orchards of the state.

"A good crop of Wealthies, fair crops of the Duchess, Snow, and McMahon varieties, and a very poor crop of Northwestern Greenings, is Mr. Gifford's estimate on the winter apple crop in the state. Although the Wealthies produced well the hot, dry weather is held responsible for the prevalence of many small cracked apples in this variety. "Where the orchards were sprayed properly, they are exceptionally clean but where they were not 'dosed' they are worse than usual," states Mr. Gifford.

WOMEN OF DIOCESE VOTE NO ON ISSUE OF EQUAL RIGHTS

Mrs. R. A. Cook is Elected Corresponding Secretary of Auxiliary at Sheboygan Falls

Mrs. R. A. Cook of this city was elected corresponding secretary at the annual meeting of the diocesan branch of the Woman's Auxiliary to the Board of Missions which was in session at St. Peter's Episcopal church at Sheboygan Falls two days last week. The meeting was largely attended by delegates from all over the diocese and an interesting program was given.

Mrs. Eugene E. Pantzer of Sheboygan was elected president, Mrs. B. H. Sanford of Sheboygan Falls first vice president, Mrs. W. W. Walton of Wisconsin Rapids second vice president, Mrs. K. A. Lute of Manitowish recording secretary, Mrs. R. H. Weller of Fond du Lac treasurer and Mrs. E. C. Barnes of Ripon treasurer of United Officing.

Announcement was made of the meeting of the House of Church Women of the Province to be held in Milwaukee early in October and the following delegates were elected: Mrs. Graf, Ripon; Mrs. Eugene E. Pantzer, Sheboygan; Mrs. Campbell Gray, Milwaukee; and Mrs. K. A. Cook of this city.

Mrs. Cook was accompanied to Sheboygan Falls by her husband, and the trip was made by car. They went from there to Milwaukee and Burlington. Mrs. Win Rothman, who also attended the auxiliary meeting, visited in Milwaukee, Mayville and Oshkosh and was joined in the latter city Sunday by her husband and their two sons, Richard and Neil, who motored down. They returned home Monday. A. H. Henderson of this city also went to Oshkosh with Mr. Rothman and his sons to join his wife, who had been visiting there. They also returned to Stevens Point Monday.

An important step was taken by the women of the diocese when the question of the women having equal rights with the men in the annual diocesan council was introduced. Bishop Weller spoke on the subject and when the question was put to a vote the negatives won, there being only one vote in favor of equal rights. The sentiment expressed was that the men should continue their work for the church as they always have done. The auxiliary branch in each parish will now be asked to vote on the question.

3,000 DELEGATES AT CHARITIES CONFERENCE

Rev. James C. Hogan of St. Stephen's Church in Attendance at Milwaukee

Milwaukee, Sept. 19.—Three thousand delegates, representing 6,000 relief organizations, hundreds of hospitals, orphanages, "Big Sister" and "Big Brother" institutions, who care for delinquents are gathered together here for the annual national conference of Catholic charities.

The convention opened yesterday with a pontifical high mass, celebrated by the Most Rev. Sebastian Messmer, D. D., archbishop of Milwaukee. One of the features of the meeting tomorrow night will be a brief program by deaf children of St. John's institute for deaf mutes, St. Francis, demonstrating lip reading and speech. Proposed legislation on child welfare, minimum wage, health, mothers' pension and unemployment are the subjects for most of the addresses. Experts on these subjects will speak at the different program during the week.

Among the big features of the week's convention is the choir of a thousand voices, and a historic pageant written by the Rev. Father Gorman, S. J., of Marquette university. Over four hundred characters make up this pageant which represents the contrast between selfishness and charity. Two hundred nuns, representing various sisterhoods will hold a separate convention September 22 and 24 to discuss their own institutional problems. This is the first time in the history of the conference that it has been held outside of Washington, D. C.

Rev. James C. Hogan of St. Stephen's church has gone to Milwaukee to attend the meeting of the conference.

COACHES ON HEAD END ON TWO NIGHT TRAINS

Following a suggestion made by the Journal a couple of weeks ago, coaches on Soo line trains No. 17 and 18, running between Duluth and Chicago, are now carried near the head end or following the mail and baggage cars. Coaches on No. 2 and 4, are still attached to the rear of these trains.

GOES TO WEST POINT

Resholt Young Man Successfully Passes Examination

Justin Dawson Resholt of Resholt has passed an examination which entitled him to enter the United States Military Academy at West Point, and commenced his studies there on September 1. The young man has been in the army for several years, and for the past few months was stationed in a Georgia camp.

SMALL GRAINS SUFFER A FURTHER DECLINE

September Crop Report Cuts Down Estimate to 61 Million Bushels

Production of small grains in Wisconsin suffered a further decline of nearly 5,000,000 bushels during August, states Joseph A. Becker of the Wisconsin Cooperative Crop Reporting service in his September 1 crop report. Production of small grains is now estimated at 81,121,000 bushels, compared to 86,084,000 estimated on August 1, 137,149,000 produced in 1920 and a 5-year average of 126,718,000 bushels.

Oats: The Wisconsin oats crop prospect declined from 65,127,000 bushels on August 1 to 60,865,000 bushels at time of harvest. Much of the crop had been harvested by August 1. Threshing results showed yields lighter even than anticipated. The crop in 1920 was 107,806,000 bushels, compared to a 5-year average of 93,456,000 bushels. Condition of the crop at time of harvest was 53 per cent, compared to 58 per cent on August 1, 95 per cent in 1920 and a 10-year average of 88 per cent.

Barley: A barley crop of 10,397,000 bushels is estimated from condition of crop at time of harvest. This compares with 11,089,000 bushels estimated on August 1, 15,930,000 produced in 1920 and a 5-year average of 19,162,000 bushels. Condition at time of harvest was 61 per cent, compared to 66 per cent on August 1, 89 per cent at harvest time last year, and a 10-year average of 86 per cent.

Wheat: The Wisconsin wheat crop is estimated at 3,053,000 bushels compared to 3,067,000 forecasted on August 1, 5,161,000 produced in 1920, and a 5-year average of 6,156,000 bushels.

Rye: The Wisconsin rye crop is estimated at 6,450,000 bushels, compared to 7,728,000 produced in 1920, and a 5-year average of 7,664,000 bushels. Preliminary estimate of yield per acre is 15.0 bushels, compared to 16.0 in 1920, and a 5-year average of 17.2 bushels.

Buckwheat: The buckwheat crop of Wisconsin in 1921 will equal 356,000 bushels, compared to 351,000 estimated on August 1, 424,000 produced last year, and a 5-year average of 380,000 bushels. Condition on September 1 was 77 per cent, compared to 78 per cent on August 1, 90 per cent a year ago and a 10-year average of 83 per cent.

Flax: Production of flax in Wisconsin is estimated at 95,000 bushels, compared to 88,000 forecasted on August 1, 101,000 produced in 1920, and a 5-year average of 65,000 bushels.

TO HOLD CONFERENCE AT WISCONSIN RAPIDS

Representatives of Six Counties to Discuss Social Work at Meeting

A conference on social work for six counties, Marathon, Portage, Wood, Clark, Juneau and Adams, will be held in Wisconsin Rapids September 29 to October 1.

All people interested in social, religious or educational matters are invited to be present. Free entertainment in private homes will be provided by Wisconsin Rapids people for all out of town attendants. Those desiring to take advantage of this arrangement should write at once to Mrs. I. P. Witter, Wisconsin Rapids, or Edward D. Lynde, University Extension Division, Madison.

At the meeting there will be prominent speakers on Public Recreation, Public Health, Charities, Rural Social Work, Boys' and Girls' clubs, Mothers' clubs, Nursing, Mental and Social Hygiene, Child Welfare, Red Cross Work, Home Economics, Delinquency, Anti-Tuberculosis Work and Community Problems.

The headquarters during the conference will be the Elks' club at Wisconsin Rapids. Admission is free.

YIELD WILL NOT EXCEED 75 BUSHELS TO THE ACRE

Mr. and Mrs. Neils Grayson of New Hope drove to this city Saturday and spent several hours here on a shopping trip. Mr. Grayson is the owner of several farms in eastern Portage county this season. The potato yield will be much below other years, when it was not unusual to harvest 200 bushels per acre.

The vines on Mr. Grayson's home farm are as green as in midsummer, but from present indications the yield will not exceed 75 bushels per acre.

MANY NEW BOOKS AT THE PUBLIC LIBRARY

Late Titles Added to Both the Best and Children's Departments

Many books have been added to the rent collection at the Stevens Point library. Following is a list of the new titles:

- Curwood—Flaming Forest.
 - Graham—Follow the little pictures.
 - Hull—The Sheik.
 - Kaye-Smith—Green apple harvest.
 - Kaye-Smith—Tamarisk town.
 - Lincoln—Galusha the magnificent.
 - Lockhart—Dude Wrangler.
 - Montgomery—Rilla of Ingleside.
 - Moore—Samovar girl.
 - Norris—Beioved woman.
 - Oppenheim—Proffiteers.
 - Rice—Quinn.
 - Rinehart—Sight unseen, and the confession.
 - Spearman—Laramie rides alone.
 - Webster—Real life.
 - Widdemer—Year of delight.
 - Wright—Helen of the old house.
- Many new books have been added to the children's department during the summer, and the following are some of the most popular titles:
- Barbour—Mystery of the sea-lark.
 - Barbour—Quarter-back Bates.
 - Burgess—Old granny Fox.
 - Caldecott—Hey diddle diddle.
 - Cheney—Fethers, furs and fins.
 - Crane—Baby-boquet.
 - Dowd—When Polly was eighteen.
 - Gregor—White wolf.
 - Hunt—Little house in the wood.
 - Kipling—Second jungle book.
 - Lang—Cinderella.
 - Lang—History of Whittington.
 - Lang—Jack the giant killer.
 - Mulock—Little lame prince.
 - Perkins—Cornelian twins.
 - Price—Silver shoal light.
 - Pyle—Tales of wonder and magic.
 - Pyle—Wonder clock.
 - Thorne-Thomson—East o' the sun and west o' the moon.
 - Turpin—Treasure mountain.

FUNERAL LARGELY ATTENDED

Many relatives and friends from out of town came here to attend the funeral of Frederick A. Clark, last Friday afternoon. Among those from a distance were Mr. and Mrs. James Lark, H.C. P. Hanson, Mr. and Mrs. Lepp King and Mrs. Calla Hanson of Nasonville, Mrs. W. J. Bos and daughter, Miss Esther, of Rock Rapids, Iowa, Mrs. Sarah Weldon, Mr. and Mrs. Irv L. Coon, Mr. and Mrs. James Ingle and Mrs. Frank Speere of Plainfield, Orin Clark of Wisconsin Rapids, Mr. and Mrs. E. E. Ingle of Almond, Mrs. Horace Skeel of Bancroft.

ATTEND MASONIC MEETING

Eight local Masons spent Saturday evening in Wausau, going there to attend a special communication of Forest lodge No. 130, P. & A. M., a feature of which was degree work put on by Roosevelt lodge No. 222, Green Bay. Those who made the trip from here were T. S. Murrish, worshipful master of Evergreen lodge No. 93 of Stevens Point, and A. E. Anderson, C. W. Nason, C. E. Wert, A. L. Halstead, Frank Stockley, J. R. Weyher and F. A. Sustins.

There's Solid Comfort in OGDEN Shoes

Foot troubles are unknown to men who wear OGDEN Mahogany Calf Shoes. OGDEN Comfort Arches and soft pliable uppers hold the foot in a snug, velvety grip that gives exceptional comfort.

There's an OGDEN built for every foot. And besides the comfort, OGDENS are money-savers.

If your local dealer cannot supply you, write us giving his name.

ENGINEER VISITS PAPER MILLS IN CITY

Whiting-Plover Plant Cleanest He Has Seen In America

Stevens Point last week had a distinguished visitor in the person of T. Yamachita, chief engineer in the Japanese government paper mills, who made a special trip here to visit the plant of the Whiting-Plover paper company south of the city.

Mr. Yamachita has been in the United States for a month and a half, on mission being to visit modern paper mills in this country, observe their methods and take them back to him to improve the mills of Japan.

He paid a high compliment to the mill of the Whiting-Plover Paper company, declaring it to be the cleanest mill of its kind he had ever visited. The statement is especially interesting as he has visited the mills of Maine and the eastern states, where some of the finest and largest paper manufacturing plants in the United States are located.

In addition to his position as chief engineer of the Japanese mills, Mr. Yamachita is a chemist and also an officer of the Japanese government. He came to Stevens Point from Chicago especially to inspect the Whiting-Plover plant, but while here also visited other mills in and about the city. The Whiting-Plover plant was a first mill in the middle west he visited, but while in this section will call on those in the Fox river valley.

The mills of Japan, Mr. Yamachita said, are unable to turn out the quality of paper that plants in the United States do. They have correct methods of manufacturing paper, but he has been sent to the United States to visit the more modern mills, observe their methods and take back with him the best of methods in use.

"In Japan," Mr. Yamachita declared, "business has been gradually coming down. Some of the mills are closing up and many are going into bankruptcy." He remarked that there are no strikes in the paper mills in the United States, but it was evident that he was acquainted with business conditions here for he knew of the recent mine war in West Virginia and mentioned a strike in the oil fields at Bakersfield, Calif.

DUNEGAN ELECTED TO HEAD BANKERS

Annual Meeting of County Association Held Here Thursday Night

The annual meeting of the Portage County Bankers' association was held at the library club rooms Thursday evening and proved a most enjoyable affair. Sixty-nine people were seated at the tables for the banquet, including the officers, directors and employees and their wives. Banks at Stevens Point, Arnott, Amherst Junction, Amherst and Rosholt were represented. The address of the evening was delivered by Burt Williams, former collector of internal revenue in the district which includes Stevens Point. He spoke on "Cooperation Among Bankers." For the ensuing year W. F. Dunegan was elected as follows: President, J. W. Dunegan; Vice president, A. H. Henderson; Secretary-treasurer, Roger Edmunds; Mr. Dunegan succeeds W. F. Collins as president. Resolutions for the affair were presented and adopted with full favor.

BOND ISSUES SUCCEED

Three Questions Decided at Election at Mosinee

At a special meeting at Mosinee a few days ago, three bond issues carried by large majorities. The vote on \$12,000 in bonds for a main sanitary sewer stood 131 for and 13 against. The vote on a \$15,000 issue for a fire hall was 117 for and 29 against. On the question of refunding waterworks bonds in the sum of \$1,000 the vote was 144 to 10.

OBITUARY

Mrs. Edward Densch

Mrs. Amelia Densch, a resident of Stevens Point for 50 years, practically all of this time in the home at 647 Strong's avenue, corner of Shauette street, died at 7:15 p. m. on Sept. 13. She was taken sick at about midnight on Sept. 9 with dizziness and failed very rapidly until her passing away. Prior to her sickness she had enjoyed good health and visited at her daughter's home for several hours Friday evening.

Amelia Krenz was a native of Germany, born there 77 years ago, and was married in her native land to Edward Densch. The family emigrated to America in 1871, coming directly to Stevens Point, and this has been their home ever since. Eight children were born to Mr. and Mrs. Densch, only two of whom are living, Charles Densch and Mrs. Frank Choate, both of this city. Mr. Densch died a year ago last January.

Prayers were offered at the Densch home at 2 o'clock Friday afternoon, the remains being then conveyed to St. Paul's Lutheran church, where services were conducted by Rev. R. Hudloff.

Mrs. Domazi Woitalewicz

Mrs. Domazi Woitalewicz died at her home in the town of Hull at 12:40 a. m. Sept. 14. Her death was caused by tuberculosis, with which she had been afflicted for some time.

The deceased was born in Portage county 27 years ago and had lived here all her life. She is survived by her husband and four children.

The funeral was held Friday morning at 9 o'clock at St. Stanislaus' church, Rev. A. Malkowski officiating and burial following in Guardian Angels' cemetery.

Mrs. Lepinski Buried

Funeral services for the late Mrs. Charles Lepinski of Stockton were held at Sacred Heart church, Polonia, on Sept. 14 at 10 o'clock, conducted by the pastor, Rev. L. J. Pescinski, assisted by Rev. L. Schorn of Custer.

Burial took place in the parish cemetery where the remains were consigned to earth by Henry and Walter Welch, Ed. Molski, Damian Omernik, Earl Boyer and George Lepinski. All members of the family attended the last sad rites as did also Mrs. Jacob Konopacki and Mr. and Mrs. Larry Ropella of Ashland.

Mrs. Nancy Henderson

Mrs. H. R. Taylor and Lowell Watson of Belmont have returned home from Waseca, Minn., where they were called to attend the funeral of Mrs. Nancy Henderson, a niece of Mrs. Taylor died at her home in La Mesa, Calif. August 23, and the remains were brought to Waseca, accompanied by her brother, Joseph Phelps.

The funeral was held at the Methodist Episcopal church, Rev. Mr. Johnston of St. Paul, assisted by the local pastor, Rev. Mr. Miller, conducting the services. Pallbearers, selected from among relatives, were W. C. Johnston, Dr. E. P. Harding, Lowell Watson, Dr. W. G. Sutherland, Stafford Phelps and John Fitch. The deceased was laid to rest in Waseca cemetery beside her husband who passed away over 20 years ago, meeting death in an accident. Mrs. Henderson was the daughter of Seth and Elspa Phelps, her father also being killed in an accident. The Phelps family were pioneer settlers in Portage county. Mrs. Henderson has often visited relatives in this section.

Funeral of Thomas Footitt

The funeral of the late Thomas Footitt of the town of Almond was held Thursday afternoon at 2 o'clock at the home of Clarence Whittaker in Buena Vista. Rev. James Blake officiated and the remains were consigned to earth by L. A. Precourt. Louis Precourt, Louis Wentworth and Charles Eckels.

Funeral of Mrs. Woitalewicz

The funeral of the late Mrs. Domazi Woitalewicz was held Friday morning at 9 o'clock at St. Stanislaus' church, Rev. A. Malkowski officiating and burial following in Guardian Angels' cemetery.

Funeral of Mr. Clark

The funeral of the late Frederick A. Clark was held at 4 o'clock Friday afternoon from the home of the deceased at Strong's street. Rev. G. H. Henderson officiated and burial followed in Forest cemetery. The pallbearers were W. S. Young, Nels Pellmar, W. R. McNeil and George Schmitt.

Mrs. Densch's Funeral

The funeral of the late Mrs. Amelia Densch was held Friday afternoon at 2 o'clock at the Lutheran church, Rev. R. Hudloff officiating and burial following in Forest cemetery. The pallbearers were H. A. Vetter, Jacob Miller, Albert Goethel, George Lutz, August Schmitt and George Price.

Ignatz Bukolt

Ignatz Bukolt, father of John J. Bukolt, died at his home at 239 North Third street at 10:30 o'clock Sunday morning. His death was caused by

old age and a general breakdown, due to a complication of diseases. Mr. Bukolt had been ill for many weeks, his condition gradually growing worse. In recent weeks he had been confined to a wheel chair.

The deceased was born in German-Poland on July 1, 1856. In April of 1885, with his wife, he came to the United States, going directly to Manitowoc, where he resided on a farm until 35 years ago when he went to Plainfield, where he operated a farm for four years. At the end of this time he moved to Stevens Point where he had since resided.

The major part of his residence in this city had been spent in assisting his son, John J. Bukolt, with his various inventions. He retired about 15 years ago.

There survives the widow and two children, Mrs. Frank Derezinski, 403 North Second street, and John J. Bukolt.

The funeral was held Tuesday morning at St. Peter's church, with burial following in Guardian Angels' cemetery.

Mrs. Bertha Clausen

Mrs. Bertha Clausen, wife of William H. Clausen, train dispatcher for the Soo line in Stevens Point, died at Medford a few minutes after midnight Monday morning. Mrs. Clausen left for Medford a week ago last Saturday and underwent a minor surgical operation. She was recovering from its effects when pneumonia set in and because of her weakened condition she failed to survive.

The deceased was about thirty years of age. She grew to womanhood at Medford and was married there. The family later moved to Owen coming to this city a year ago last December, when Mr. Clausen was promoted to train dispatcher. They lived in the C. E. Emmons house at 724 Division street.

Besides her husband she is survived by two sons, aged ten and seven years.

Anton Smith

Anton Smith, 10-months-old son of Mr. and Mrs. Anton Smith, 404 Fifth avenue, died Saturday morning at 11:40 o'clock of cholera infantum. The funeral was held at 7:30 o'clock Monday morning at St. Peter's church, Rev. S. A. Elbert officiating, burial following in St. Peter's cemetery. Besides their parents there survive the following brothers and sisters: Clarence, Leona, Elmer, Chester, Edwin and Catherine.

Mr. Bukolt's Funeral

The funeral of the late Ignatz Bukolt was held at 8:30 o'clock Tuesday morning at St. Peter's church, burial following in Guardian Angels' cemetery.

Rev. S. A. Elbert was celebrant of a requiem high mass said at the main altar, assisted by Rev. A. Malkowski and Rev. Victor Hoppa, as deacon and sub-deacon respectively. At another altar in the church Rev. L. Blum of St. Bronislawa's church at Plover officiated at mass, while Rev. S. Stanislaw of St. John's church, Belmont, said mass at a third altar.

The pallbearers were: Frank Mroczek, John Jozefkiewicz, Joseph Weyer, M. Karasinski, John Dziurdziela and J. Suplicki.

MAJOR MOEN PLACED ON EFFICIENCY BOARD

Membership Includes Local Officer and Two Lieutenant Colonels

Major Russell Moen of this city has been appointed by Adjutant General Orlando Holway as a member of an efficiency board of the Wisconsin National guard and will be called to Madison frequently on official business.

Other members of the board are Lieutenant Colonel Byron Beveridge, Madison, and Lieutenant Colonel Albert H. Smith, Wilton. Wis. The board will convene at the office of the adjutant general in the state capital next Monday to determine on the general fitness for service of several officers. Major Moen will attend this meeting.

YOUNG MEN RELEASED

State Probation Officer Acts Upon Two Paroles

Walter Bruce and Cecil Card, two local young men granted paroles by Judge B. B. Park after they had been sentenced to the Green Bay reformatory for alleged implication in the robbery of Soo line freight cars, have been granted their freedom.

The paroles for the two young men had been signed by Judge Park and waited only the arrival of a member of the state board of control to put them into effect. Card was given his release Thursday night, and Bruce left the jail Thursday.

Thaddeus Czerwinski, assistant state probation officer, and a member of the board of control, acted upon the paroles. Card has been paroled to Dr. F. A. Walters, while Bruce has been paroled to his father, M. E. Bruce.

NORTH WISCONSIN ALLEGED CENTER OF AUTO THIEVES

Chippewa Falls, Eau Claire, Rice Lake and Boyd Men Work With Church

Milwaukee, Wis., Sept. 19—Operators of the alleged Milwaukee "clearing house" for stolen automobiles exposed during the investigation at Chicago of the handoff murder mystery terminated here today with the arrest of five alleged ringleaders.

A dozen automobiles taken from streets during the last year or more were recovered with the arrest of the five men. The men taken into custody are: Frank Smith, alleged by police to be the master mind of the auto theft plot; Albert and William Smith, brothers of Frank, living near Rice Lake, Wis., and Carl Zimmerman and Emil Herbring, both of Boyd, Wis.

It was learned from the police that the men were rounded up during the week end and were brought to Milwaukee, where they were alleged to have confessed to stealing and selling more than 60 cars. They are being held here pending further investigation.

Sixteen cars reported stolen have been recovered by the police. Police say the men stole the cars, took them to the garage of Frank Smith, where the engine numbers were clipped off and licenses changed and some of the cars repainted. It is also reported the cars were driven to a farm near Chippewa Falls and later disposed of at Chippewa Falls and Eau Claire.

MANY CONTRACTORS BID ON HOTEL JOB

Figures Will Be Learned at 10 a. m. on Friday, September Twenty-third

Bids for Stevens Point's new hotel will be opened next Friday morning at 10 o'clock at the Chamber of Commerce offices.

The date was originally set for Sept. 12, then changed to Sept. 17, today, and finally set for Sept. 23, the delays being occasioned by the large number of blueprints it was necessary to furnish.

"There are more blueprints out for the Stevens Point hotel job by 15 than for any other job I remember in my 40 years of experience in this field," said A. C. Claus of Clas, Shepard and Clas, Milwaukee firm which drew the plans and specifications.

KANSAS PRIDE MAY JOIN COW FEED LIST

Sunflowers Good for Silage If Crop Is Cut at the Right Time

While many farmers in northern Wisconsin are finding it profitable to grow sunflowers, or sunflowers and corn mixed, for silage, others report that the crop does not make good silage and that they cannot feed it successfully.

One outstanding reason for this difference of opinion, according to E. D. Holden, of the agronomy department of the University of Wisconsin, lies in the time of cutting and ensiling the crop. While inspecting a large number of fields the last two years, he has found it is common for the lower leaves to begin to dry up about the time the sunflowers begin to blossom, and that the longer the crop is let stand after this the more leaves will be lost. This condition appears to come on earlier on light, dry soil than on rich, moist soil, and is somewhat worse in the thicker plantings.

"Most of the poor sunflower silage which has come to my attention has been made from a crop cut late, when the plants are in full bloom or past," says Mr. Holden. "In most cases where the silage was fed successfully, the crop was cut early, when the plants were one-quarter to one-half in blossom or even earlier."

"Watch the leaves on the sunflowers, and when they start to dry up it is time to think about cutting, to avoid dry, tough stems and consequent poor quality of silage."

CALL TO FOND DU LAC BY DEATH OF HER AUNT

Mrs. B. W. Wheelock left for Fond du Lac Thursday afternoon to attend the funeral of her aunt, Mrs. Ellen Matthews, an aged resident of that city, whose burial took place Friday morning from St. Joseph's church. Mrs. Matthews was 77 years of age and the widow of John Matthews, who perished in a fire which partially destroyed the Henry Boyle Catholic Home for the Aged at Fond du Lac four years ago. She had planned a trip to her native home in Ireland, had bought a ticket and was ready to start on her journey when taken ill.

SANTA PREPARING FOR PROSPEROUS HOLIDAY SEASON

Retailers in All Sections Reported to Be Placing Orders on a Most Hopeful Scale

New York, Sept. 15—Santa Claus is preparing for Christmas on a prosperity basis. The canvass of the old gentleman's personal representatives in this country today revealed that they were counting on one of the biggest holiday distribution of gifts in years.

Retailers in all sections, it was said, have begun to place orders for the Christmas trade "on a most hopeful scale," and this applies to dry

goods, furniture, jewelry, toys and all other forms of gifts.

This situation was shown through a composite of information from retailers, jobbers and manufacturers. Its significance was emphasized in a statement by a buyer for a big New York department store who said, "Retailers are in pretty close touch with the buying power of the country, which in the last analysis, represents prosperity. If they were not pretty sure that the public in general was going to be in a position to serve Christmas in the usual manner, you may depend on it, their buying power would reflect it. All indications are now that the holiday trade will be much larger than last year."

Lew Hahn, managing director of the National Retail Dry Goods association, which represents 2,200 establishments throughout the country, including the biggest department stores, said buying for Christmas at present indicates Santa Claus would be "pretty fairly busy."

REV. HOWARD TALBOT IS NEW MODERATOR

De Pere Pastor Elected at Fall Session of Winnebago Presbytery

Rev. C. S. Pier and H. C. Welty have returned from Omro, where they attended the fall meeting of the Winnebago Presbytery which convened on Sept. 13 and 14.

Rev. Howard Talbot of De Pere was chosen as moderator for the present term, and succeeds Rev. F. W. Eastwood of Wausau. The latter was kept from attending the session at the last moment when stricken with appendicitis at his home.

Rev. Mr. Pier was named a member of the Home Missions committee, one of the most important committees of the Presbytery.

TAX DEED NOTICE

Notice is hereby given that all of the following described tracts of land and City and Village lots situated in Portage County, State of Wisconsin, were sold by the County Treasurer of said County on the 19th day of June, A. D. 1919 for the delinquent taxes of 1918, and remain unredempted at the office of the County Clerk of said County, now therefore unless the taxes, interest and charges set opposite the several tracts and lots herein after specified, together with fees for redemption and advertising, shall be paid at the office of the county treasurer of said county on or before the tenth day of June 1922, the same will be conveyed to the purchaser thereof pursuant to the statutes in such cases made and provided.

Interest is compiled to the last day of redemption, redemption fee and advertising are to be added to the amount stated in this notice.

Given under my hand at the office of the county treasurer, in said county and state this 31st day of August, A. D. 1921.

EARL NEWBY,

County Treasurer.

GUNDER TORKELSON DEAD AT MERRILL

Veteran Carpenter and Resident of Amherst Buried on Monday

Amherst, Wis., Sept. 19.—Gunder Torkelson, who was taken to Merrill two weeks ago and placed in the local hospital for medical treatment and care passed away Friday afternoon at 3 o'clock. The cause of death was cancer of the stomach. Mr. Torkelson was 80 years of age and up to a few weeks ago had enjoyed remarkable health and strength. He was a carpenter by trade and had almost finished a new home for himself, which he was planning and erecting at the time he was taken ill. The family moved into the home only a few days before he was taken seriously ill. The body was brought here Saturday afternoon accompanied by his wife and his son, G. A. Torkelson and family of Merrill, and taken to his home.

The funeral was held Monday from the Norwegian Lutheran church of which he has been a faithful member. The family consists of his wife, two sons, G. A. of Merrill and Knute of Chicago and two daughters, Mrs. Marie Virum of Wisconsin Rapids and Mrs. Olga Torginson of Amherst. They have the sympathy of the community in their sad bereavement.

Women Jarors Draw
Miss Cora Turner, Mrs. A. P. Ben and Mrs. James L. Moberg have the distinction of being the first of the Amherst women to be drawn for jury duty.

Club Entertained
The D. A. Y. P. Birthday club was entertained Monday afternoon, Sept. 19, by Mrs. Harry Pomeroy at her cottage at Lake Emily.

Move to Redgranite
Mr. and Mrs. August Kramp, who have conducted a home bakery in the village for a few months past, have moved to Redgranite where they will reopen their bakery.

Death of Child
Mr. and Mrs. Hugo Teschner, west of the village, mourn the loss of their daughter, Irene, after a short illness with erysipelas. She was two and one half years of age and is survived by her parents, one sister, Esther, and three brothers, Otto, Glen and Garth. The funeral was held Friday afternoon from the Lutheran church with burial in Green Wood cemetery.

Injures His Wrist
Glen Phillips had the misfortune to fall at the sand and gravel pit near Amherst Junction where he was working, and suffered a very painful sprained wrist, which he will carry in sling for some time.

Glad Pastor Stays
That our local Methodist Episcopal pastor, Rev. C. E. Coon, was returned to Amherst and Waupaca at the last conference was pleasing to Amherst people where he has served for two years past. Rev. Mr. Coon holds services here Sunday at 9 a. m. till further notice. During the stormy season his hour of services is necessarily changed.

Amherst Briefs
Wm. Bevers of the firm of Van Schoy and Bevers, but who is conducting a branch store of men's clothing at Menasha, was an Amherst visitor last Sunday.

Marshal Peter Mallison, has returned home from a few days visit with his daughter, Mrs. Con. Nelson and family of Chippewa Falls. Mr. Mallison also attended the county fair at Chippewa during his absence.

George B. Allen returned home Wednesday after a visit of several days with his wife who is a guest of her father, Mr. Gormley of Milwaukee.

Lewis Moss, who has spent the summer as a musician in Hagenbeck's and Wallace's circus band, is in the village, a guest at the E. Moss home. Miss Katherine Dunn of Milwaukee visited over Sunday at the A. C. Nilsson home.

Miss Frances Fleming who has spent the past two months and a half at Oshkosh, where she has been receiving medical treatment, arrived home the first of the week. Her condition shows some improvement although she is still an invalid. The return trip was made by auto.

Mrs. L. A. Hanson and daughter, Genevieve and Evance, are spending several weeks with relatives at Elk Mound, Wis.

Evance and Leonard Shanklin, Louise Swenson, Leona Moberg and Genevieve Betlach have enrolled in the state Normal school at Stevens Point. A. P. Ehn, Hugh Allen and M. K. Hanson, the latter of New Hope, were Stevens Point on business last Tuesday.

Mrs. Clinton Kelly and baby of Argos are spending a few days at the R. Thompson home.

over Sunday with Mrs. P. N. Peterson. Mrs. Turner was a former resident here, while her husband, the late Rev. C. W. Turner, was pastor of the local Methodist Episcopal church. She has many friends among the older residents who were glad to meet her once more.

Mr. and Mrs. Jos. Kurkowski and the latter's father, Martin Bartel, of Green Lake, visited relatives in Minneapolis and attended the state fair last week.

Mr. and Mrs. Otto Lenner and daughter, Helen, arrived home Saturday evening from a three weeks' visit at the home of Mrs. Lenner near Arkdale, Wis.

Hugh Allen, A. Brackett, F. H. Cramer and Tom Lenner attended the Minnesota state fair last week, making the trip in the Allen car.

Mr. and Mrs. W. P. Morgan and family of Redgranite motored here Sunday morning to attend services in the Methodist Episcopal church and call on friends before their return. Mr. Morgan, who was principal of our High school two years ago, holds a like position in the Redgranite schools and was re-engaged this year at a fine increase of salary.

Mrs. Clyde Glenn of Tampa, Fla., has been spending a few days here visiting her old home town and numerous relatives. Mrs. Glenn was formerly Ellen Boss who left Amherst with her parents, Mr. and Mrs. Henry Boss, for Florida when she was a young child. The family then consisted of one son, William Boss, and four daughters. The parents and three daughters have passed away.

Mrs. O. C. Loomis is visiting in the village for a week or more.

J. L. Moberg, Anton Hjortherg, Harold Munchow and George B. Allen were duck hunting near Winneconne last week.

Chas. Anderson is having a bowling alley built in and installed in his pool room on Main street which will soon be completed.

BUILD NEW SIDEWALK

Buena Vista People Hustle While Pastor Is Away

Buena Vista, Wis., Sept. 20.—The Buena Vista people are hustlers. While the pastor was at conference at Sheboygan they built a cement approach to the church.

Mr. Fostit, Mrs. C. Whittaker's father, passed away, and his funeral was held Thursday. Rev. Mr. Blake of Stevens Point officiated.

Rev. and Mrs. Leuenberger returned Friday evening by car from the home of the latter's parents, where they have been visiting since the conference closed.

The S. Whittaker and A. Leuenberger families visited at Almond Sunday with Mrs. Whittaker's brother.

Sunday Church Notices
Calkins schoolhouse, Sept. 25—Preaching service 9:00 a. m.; Sunday school following service.

Buena Vista—Sunday school 10:00 a. m.; preaching service 11:00 a. m. choir practice, Wednesday, 8:00 p. m. Plover—Evening service 8:00 p. m.

All are cordially invited to attend these services. The pastor desires to be of service to the people. Come and rejoice in the Lord.

MOVE BACK TO WAUPACA

Cleveland Family Leaves Meehan After a Year's Residence

The Cleveland family motored back to Waupaca after a year's residence here. They decided the old home was the best.

Frank Pike gave a dancing party at his home Saturday night. A nice time is reported by those who attended as the wee small hours still found them tripping the light fantastic.

Mrs. Vilara Galloway and three little girls were the guests of friends here last week.

The Sunday school is arranging to observe Rally day October 2. A program will be rendered.

Miss Mamie Fox is visiting friends at Wisconsin Rapids for a few days. Farmers are busy plowing and putting in rye. The recent rains have greatly aided along those lines.

Miss Fosty Perone is spending a few days at the home of R. N. Slack at Plover this week.

LINWOOD ITEMS

Mr. and Mrs. E. Boshier spent Sunday at Hiron visiting with relatives.

Mr. and Mrs. C. C. Sims of Milwaukee spent last week visiting at the home of her sister, Mrs. L. Netzel, and with other relatives in the city, on their return home Friday they were accompanied by their niece, Susan Netzel, who will spend a few weeks with relatives there.

Mr. and Mrs. Charles Gardiner and son of Carson visited with Linwood relatives here Sunday.

Mrs. John Williams and daughter Dorothy, returned home Friday from Hiron where they spent the past week visiting the latter's parents.

Miss Eva Duke, who is teaching the Woodville school this year, spent the week end at the home of her parents in the town of Hull.

Misses Jim Ed and Thelma, who were motored to Marshfield last Friday and spent a few days with Ed Epener who is confined to a hospital there. Mr. Epener is improving with hopes of soon being able to return to his home here.

ROBBERIES REPORTED AT BANCROFT VILLAGE

Some One Has Been Breaking Into the Blacksmith Shop and Timber Office

Bancroft, Wis., Sept. 21.—Some one has been breaking into the blacksmith shop here and some one was in the timber office. We had better have a night watch.

Put Dams in Ditches?
We understand that there is some talk of putting dams in the ditches on the marsh to hold the water, both in case of fire and dry seasons. We believe that it would save the town many dollars, especially in the fire case. The fire last summer was highly expensive.

High Wind Flays Hayco
The high wind Saturday flayed hayco with the telephone lines around here as the wires were all crossed.

School Is Closed
Grant Baker's folks have diphtheria and the Schenck school is closed to avoid spreading the disease.

Hunters Unsuccessful
A few of our local hunters have been after the ducks but they don't seem to be bringing in very many.

Bancroft Personals
John Lowe, Esther Lowe, Mrs. Lowe and Mrs. C. E. Hutchinson autoed to Oshkosh and other places in Winnebago county and spent a few days visiting relatives.

Quite a crowd attended the A. J. Neville sale last Thursday and most everything went at a fair price considering the times.

There is a new feed concern started in Bancroft and two cars will arrive in the near future. Watch for their prices.

Walter Schenck has rented the Dan Pratt farm near the bluff and will move on to the same directly.

The Ladies' Aid met last week at the home of Mrs. G. W. Pratt and elected officers for the new year: Mrs. Calverly, president; Mrs. R. Valentine, vice president; Mrs. Morgan, secretary and Mrs. G. W. Pratt, treasurer.

The Ladies' Aid will meet with Mrs. Kellogg Wednesday, September 28. Everybody come.

Mrs. Ben Gregor and baby from Sixville are visiting a few days at the home of James McIntee.

Mrs. Gilbert Ellis and Ernie Ellis arrived home from Starks the last of the week.

Gird Clark is painting and repairing his house.

Dr. A. A. Rock and wife arrived from Milwaukee to spend a few days chicken hunting.

CORN GROWS HIGH NEAR PLAINFIELD

L. M. Brewster Has Stalk that Measures Nine Feet Four Inches

High at Bovee's Store

A stalk of dent corn left at Bovee's store by L. M. Brewster is on exhibition there. It measures nine feet and four inches in height and was raised on Mr. Brewster's farm in Pine Grove by Earl Martin. He has several acres of corn equally as large as this sample, which shows that keeping land in good condition will produce good crops in dry seasons.

Plainfield Briefs
Paul Weber of Fond du Lac spent Saturday and Sunday with his parents, Mr. and Mrs. John Weber.

Oscar Cornwell and family have moved on the Skutland farm which he has purchased.

The Grant Baker home has been under quarantine several days as his son Clifford has diphtheria.

Mr. and Mrs. George Cummings and Vere Beggs and wife visited at Waupaca Tuesday.

Mail Carrier Sanford Laut is the happy father of a fine baby boy born Monday.

A pie social will be held Friday school house for the benefit of the evening September 23 at the Harris school. Everyone is cordially invited and ladies should bring a pie.

Mr. and Mrs. Jesse Judd and A. M. Harris and wife spent Saturday and Sunday at Appleton the guests of Mr. and Mrs. W. R. Rogers.

Mrs. Charles Stevens has been spending several days at the home of her son, Edwin Stevens, who welcomed a fine baby boy at their house September 11.

Mr. and Mrs. Lester Alfies and son, Darrell, and Mrs. Caroline Meddauch and son, Levi, were guests of Ford Fosgate and family near Hancock Sunday.

SUFFERS FROM BURNS

Jesse Kramer Has Not Recovered From Dangerous Experience

Plover Sept. 20 Jesse Kramer is still suffering from burns received from his getting caught on his cloth and ignited.

Mrs. Clendinning spent Sunday with her sister, in the town of Linwood.

Monroe Kramer returned from a visit at Antigo.

Mr. Pitcher recently made a visit

to his daughter in Elkhart, Ind. George Kramer recently made a trip to Endeavor.

Last Sunday there was church service at 11 a. m., the first Sunday of the new conference year.

B. T. Parker returned Monday from a visit with his daughter, Mrs. William Drake.

A lady who was Esmerald Kimble, a resident of Plover 50 years ago, called on friends here last Saturday.

Mr. and Mrs. Stuck of Rothschild and daughter, Mrs. Karl Patrick of Minneapolis, autoed by the way of Wisconsin Rapids and called on relatives Sunday.

POTATO REPORT

Waupaca, Wis., Sept. 20.—Total potato shipments entire U. S. to date this season, 65,389 cars.

Total potato shipments entire U. S. to date last season, 58,358 cars.

Price Per Cwt. Sept. 19, 1921

Cash to growers at Wisconsin points.....\$1.50
Chicago market car lots.....2.25-2.35
Chicago market car lots.....2.25-2.35

Chicago—Ten Wisconsin arrived. Two hundred sixty-eight cars on track, demand and movement moderate and market steady, carlots out-weight. Minnoscas sacked Red River Ohio No. 1, 2.25-2.40; a few fancy 2.45. Idaho's sacked Round Whites No. 1, \$2.50-2.60, mostly 2.50, some slightly decayed 2.25-2.35. Maines, bulk Irish Cobbler No. 1, \$2.40-2.50; closing prices Monday Wisconsin sacked Round Whites No. 1 2.25-2.40.

September Crop Report
The bureau of markets and crop estimates forecasts the total production of potatoes in the United States, based on conditions September 1, at 323,000,000 bushels. This is an increase of 7,000,000 bushels over August 1 estimate of 316,000,000 bushels. The final estimate for the United States last year was 430,000,000 bushels, while the five-year average for the years 1915-1919, inclusive is 372,000,000.

The states showing important gains over last month's report are Maine, Michigan and Minnesota. The only notable loss is in New York, Maine, Colorado and Idaho show an increase over last year's crop, reductions in other states ranging from 1,000,000 to 16,000,000 bushels.

BARRACKS READY FOR OCCUPANCY IN TWO WEEKS

School Board Committee Decides on Site and Work Begins at Once

(From Monday's Daily)

The barracks on the High school campus which will house approximately 100 students and relieve crowded conditions in the High school building will be completed and ready for occupancy two weeks from today, according to present plans.

Following selection of a site by a special committee of the board of education on Saturday afternoon, the contractor, W. H. Allen, was to have material on the ground today and begin work at once.

Site Is Chosen
The committee chose a location directly south of the High school building. The north side of the barracks will come up to the sidewalk on the grounds, a distance of 25 feet south of the south entrance to the building. This is the best place to make connections with the High school boilers for heat and it will be necessary to cut down only one oak tree on the campus to make room for the structure.

Two Changes Required
The state industrial commission required two changes in the plans for the barracks as drawn up by the board of education. Sixteen more windows that were originally planned will have to be put in and the ceiling must be built 12 instead of 10 feet from the floor. With these changes, permission to go ahead with construction was obtained Friday afternoon by Supt. H. C. Snyder.

Equipment Ordered
The equipment for the barracks, including desks and chairs, has already been ordered and should arrive before the building is completed. The matter of awarding contracts for heating and lighting, which did not come under the general contract, was to be attended to today. It is expected that this work can be rushed through in a few days' time and the barracks thrown open for use of students by Monday, October 3.

NOTICE
BE IT KNOWN, that I, John A. Berry, Sheriff of Portage County, Wisconsin, have appointed, by these presents do hereby constitute and appoint Tom Mosey of the City of Stevens Point, in Portage County, Wisconsin, my true and lawful Deputy Sheriff of said county, to hold said office from the date hereof until the expiration of my current term of office, to-wit: until the first Monday of January, A. D. 1922, unless this appointment shall be by me sooner revoked.

Dated this 9th day of June, A. D. 1921.

JOHN A. BERRY,
Sheriff of Portage County, Wisconsin.

A Broader Conception of Service

To us the home furnishing business is something more than buying and selling furniture, something more than good storekeeping. It means the giving of our best to the people who come to us. We look beyond the formality of the business transaction—to the days when the homes are furnished and the goods in use. By doing more than you would expect, in the way of individual attention, a really complete credit service, by having the best that American manufacturers can produce at moderate prices, you can come to feel the conviction that we have—that everything you look at here is better, the prices are reasonable and the credit terms extremely liberal. To show you this service would be considered by us a privilege.
